

EHG™ SG9™ GRIP FRAME FOR RUGER RXM™ FULL-SIZE - EHG RG9 GRIP FRAME FOR RUGER RXM FULL-SIZE BLACK

MAGPUL® EHG™ SG9™ GRIP FRAME FOR RUGER RXM™ FULL-SIZE Ruger and Magpul have over 100 years of combined experience designing and producing innovative, high-quality products in the firearms space. Magpul recently created a new grip - the EHG RG9 - for the new Ruger RXM, a 9mm NATO pistol made in the USA at Ruger's factory in Prescott, AZ. The RXM is designed for personalization and customization for your self-defense needs. Want a different look or size? The Ruger Fire Control Insert (FCI) is compatible with Magpul EHG RG9 Grips available in Black, Flat Dark Earth, Stealth Gray, and Olive Drab Green in the OEM 15-round Compact size as well as the new 12-round Sub-Compact and 17-round Full-Size. The EHG RG9 Grip packs many valuable features into its comfortable design. It includes a ¾-scale Magpul Trapezoidal Surface Projection (TSP) texture on the front strap, back strap, side panels, and forward index pads, providing improved tactile grip and weapons control where you need it most. To improve ergonomics, the grip also features an undercut trigger guard for comfortable handling of the gun. The magazine well is flared for faster and easier magazine changes, and the heel of the EHG RG9 Grip features a carry bob to minimize printing while concealed carrying. The magazine release scallop provides a recessed but easily accessed space for the magazine release, which has a textured, ridged surface to support more efficient magazine changes. The front of the grip features a universal rail for mounting lights and lasers to further enhance the pistol's utility. Of course, the EHG RG9 uses a strong, durable polymer like other Magpul products. The RXM Pistol ships from Ruger with the MAG1436 Compact EHG RG9 Grip plus two PMAG 15 GL9 15-round mags (the capacity-compliant version of the RXM ships with two 10-round GL9 PMAGs). This Full-Size Grip replaces the factory one for those with larger hands or who need greater capacity. It is compatible with the MAG546 Magpul PMAG® 17 GL9® for the G17 as well as the 21 and 27-round magazines with some protrusion from the bottom of the grip. The EHG RG9 Grip also comes assembled with a Ruger-manufactured magazine release, release spring, slide-lock spring, and takedown-pin spring, and functions with most aftermarket Gen3 parts, so if any of these pieces need to be replaced or upgraded, spare parts are readily available. Made in the USA. FEATURES TSP TEXTURE Magpul's proprietary TSP texturing on the front and backstraps, side panels, and forward index pads of the RXM EHG provide solid purchase on the grip in all conditions FLARED MAG WELL To promote fast, efficient reloads, the RXM EHG has a flared mag well, which aids in loading the gun using Magpul GL9 magazines GEN3 COMPATIBILITY The RXM EHG is compatible with most Gen3 aftermarket parts, such as slide-stop and mag release components SPECS Platform: Ruger® RXM™ Grip Angle: 20.5 deg. Compatibility: The Magpul EHG RG9 Grips only fit the Ruger RXM Pistol. Compatible with other Gen3 magazine release and slide stop components. NOTE: The universal rail is not the same as a 1913 Picatinny rail; different attachment components may be necessary.

Attributes

- Name: EHG RG9 GRIP FRAME FOR RUGER RXM FULL-SIZE BLACK

EHG SG9 Grip Frame for Ruger RXM FullSize

Safety Instructions

Introduction

Thank you for choosing the EHG SG9 Grip Frame for your Ruger RXM FullSize pistol. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this manual carefully before using the product.

General Safety Guidelines

- **Product Safety:** The EHG SG9 Grip Frame is designed for safe use in conjunction with your Ruger RXM pistol. Ensure that you follow all safety precautions.
- **Enhanced Recalls:** In the event of a safety recall, you will be notified through standardized notices. Please check for updates regularly.
- **Online Shopping Protections:** When purchasing online, ensure that the retailer complies with safety regulations as required for physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please consult the contact point provided by your retailer or manufacturer.
- **Rapid Alerts:** Stay informed about product safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Proper Handling:** Always handle your firearm with care. Treat every firearm as if it is loaded.
- **Installation:** Ensure that the grip frame is installed correctly to avoid any operational issues.
- **Maintenance:** Regularly inspect the grip frame for any signs of wear or damage. Replace if necessary.
- **Compatibility:** Ensure that the EHG SG9 Grip Frame is compatible with the Ruger RXM pistol. Do not attempt to use it with incompatible models.
- **Safe Storage:** Store your firearm and grip frame in a secure location, away from unauthorized access.
- **Training:** If you are unfamiliar with firearms, seek training from a qualified instructor.

Instructions for Installation and Usage

1. Installation:

- Ensure the Ruger RXM pistol is unloaded before installation.
- Remove the existing grip frame according to the manufacturer's instructions.
- Align the EHG SG9 Grip Frame with the pistol's frame.
- Securely attach the grip frame, ensuring that it is fitted properly without any gaps.
- Check that the magazine release and other components function correctly.

2. Usage:

- Before using your pistol, ensure that you are familiar with its operation and safety features.
- Maintain a proper grip on the EHG SG9 Grip Frame during shooting to enhance control and accuracy.
- Use the universal rail on the grip frame for mounting accessories as needed.
- Follow all local laws and regulations regarding firearm usage.

Disposal Instructions

- Dispose of the EHG SG9 Grip Frame in accordance with local regulations regarding plastic and polymer waste.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.
- If the grip frame is damaged or no longer usable, consult local waste management services for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the EHG SG9 Grip Frame, please consult your retailer or the manufacturer's customer service. Ensure that you have your product details available for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our priority. Enjoy your EHG SG9 Grip Frame for Ruger RXM FullSize responsibly!
