

# DAKA UNIVERSAL GRID ORGANIZER FOR RIFLES - DAKA UNIVERSAL GRID ORGANIZER FOR RIFLE BLACK

MAGPUL DAKA UNIVERSAL GRID ORGANIZER FOR RIFLES With the DAKA GRID Organizer, Magpul provided a completely new and better way to organize and protect your firearms and important gear. The Block and Panel design also provides unlimited versatility, letting you set up a unique layout for every loadout. Their precision-fit DAKA GRID Organizers were custom-made for many of today's most popular hard cases, but those who have one of the millions of other cases currently available weren't able to bring the innovation of the GRID to their setup. Until now. The DAKA Universal GRID Organizer is a fully customizable, cut-to-fit organizational solution that secures and protects important equipment, no matter what case it's going into. Installation is easy, and the pre-marked guidelines on the underside of the GRID Panels allow them to be cut to fit almost any container, not just firearms cases. The Panels also have a serrated bottom for channeling and securing the included DAKA Gear Straps to optimize the Straps' hold on your gear. The DAKA Universal GRID Panels and Blocks are constructed of the same Expanded Polypropylene (EPP) material as their precision-cut DAKA GRIDs, nesting together securely to maximize protection, versatility, and ease-of-use. The Blocks can be organized in the GRID Panels to brace rifles, optics, ammunition, accessories, and any other gear, and they can be quickly removed and reinstalled for your next loadout. The Universal Rifle kit comes with eight (8) Panels, giving users just over 958 square inches of usable space before any cutting occurs. The lightweight DAKA Universal GRID system also uses included DAKA Gear Straps to retain gear for those cases where the lid of the case may not provide tight compression. The GRID's EPP material doesn't absorb contaminants the way open cell foam does, providing resistance to liquid and chemical intrusion inside your case. With wider or taller equipment such as lights, bipods, or lasers, a center GRID Panel can be cut to fit or removed entirely to open space provided the firearm is braced on both ends on the other Panels. DAKA Universal GRID Organizer Rifle includes eight (8) GRID Panels, six (6) triple Blocks, six (6) double Blocks, four (4) DAKA Gear Straps, and eight (8) adhesive gap shims. **FEATURES:** **SIMPLE CUSTOMIZATION** True cut-to-fit customization for irregular case shapes or case models not supported by precision GRID fitments Cut guidelines on Base Panels aid in ease of cutting and uniform lines DAKA Blocks can be stacked and cut for varied case depth Universal GRID uses the same GRID Organizer principle **LIGHTWEIGHT AND EASY TO USE** EPP construction is lighter and stronger than traditional foam Endlessly customizable and no tools required Unique gear loadouts set up in seconds **BETTER PROTECTION THAN YOUR OLD FOAM GRID** is stronger than open cell foam, holds your gear in place, and protects better from impacts Resists absorbing liquids and chemicals and easy to clean with a damp cloth Good temperature stability

# DAKA Universal Grid Organizer for Rifles Safety Instruction Guide

## Introduction

Thank you for choosing the DAKA Universal Grid Organizer for Rifles by Magpul. This product is designed to help you organize and protect your firearms and essential gear effectively. To ensure safe use and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the organizer out of reach of children and vulnerable individuals.
- Regularly inspect the organizer for any signs of wear or damage.
- Avoid using the organizer in extreme temperatures or environments that may compromise its integrity.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

### • Cutting Panels:

- Use caution when cutting the GRID Panels to fit your specific container. Ensure that you have a stable cutting surface and use appropriate cutting tools.
- Always follow the premarked guidelines on the underside of the GRID Panels for accurate cuts.

### • Securing Gear:

- Ensure that all gear is secured properly using the DAKA Gear Straps to prevent shifting during transport.
- Regularly check the tightness of the straps and adjust as necessary.

### • Handling Firearms:

- Always follow standard firearm safety practices when placing firearms in the organizer.
- Ensure that firearms are unloaded before placing them in the organizer.

### • Cleaning and Maintenance:

- Clean the organizer with a damp cloth to remove dirt and contaminants. Avoid using harsh chemicals that could damage the material.
- Do not submerge or soak the organizer in water.

## Instructions for Installation and Usage

### 1. Preparation:

- Identify the container or case where you will use the DAKA Universal Grid Organizer.
- Lay out all components: GRID Panels, Blocks, DAKA Gear Straps, and adhesive gap shims.

### 2. Cutting the GRID Panels:

- Place the GRID Panel on a stable surface.
- Using a sharp utility knife, follow the premarked guidelines to cut the panel to the desired size.

- Ensure that the cuts are clean and straight for optimal fit.

### **3. Assembling the Organizer:**

- Insert the cut GRID Panels into the container or case.
- Arrange the DAKA Blocks within the GRID Panels to create compartments for your gear.
- Use the adhesive gap shims as needed to fill any gaps and secure the panels.

### **4. Securing Gear:**

- Place your firearms, optics, ammunition, and accessories into the designated compartments.
- Use the DAKA Gear Straps to secure the items, ensuring they are tight and stable.

### **5. Final Check:**

- Ensure that everything is securely in place and that there is no movement of items when the container is closed.

## **Disposal Instructions**

- Dispose of the DAKA Universal Grid Organizer responsibly.
- Check local regulations for disposal of plastic materials.
- If the product is damaged beyond use, ensure it is recycled or disposed of in accordance with local waste management guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the DAKA Universal Grid Organizer for Rifles, please reach out to the appropriate support channels provided by the manufacturer. Always refer to the official website or product documentation for additional resources.

By following these safety instructions, you can ensure a safe and effective experience with your DAKA Universal Grid Organizer for Rifles. Thank you for your attention to these important guidelines.
