

DAKA UNIVERSAL GRID ORGANIZER REPLACEMENT PANEL

MAGPUL DAKA UNIVERSAL GRID ORGANIZER REPLACEMENT PANEL With the DAKA GRID Organizer, Magpul provided a completely new and better way to organize and protect your firearms and important gear. The Block and Panel design also provides unlimited versatility, letting you set up a unique layout for every loadout. Their precision-fit DAKA GRID Organizers were custom-made for many of today's most popular hard cases, but those who have one of the millions of other cases currently available weren't able to bring the innovation of the GRID to their setup. Until now. The DAKA Universal GRID Organizer is a fully customizable, cut-to-fit organizational solution that secures and protects important equipment, no matter what case it's going into. Installation is easy, and the pre-marked guidelines on the underside of the GRID Panels allow them to be cut to fit almost any container, not just firearms cases. The Replacement Panels also have a serrated bottom for channeling and securing the included DAKA Gear Straps to optimize the Straps' hold on your gear. The DAKA Universal GRID Panels are constructed of the same Expanded Polypropylene (EPP) material as their precision-cut DAKA GRIDS, nesting together securely to maximize protection, versatility, and ease-of-use. Each Replacement Panel offers almost 120 square inches of GRID space. The GRID's EPP material doesn't absorb contaminants the way open cell foam does, providing resistance to liquid and chemical intrusion inside your case. With wider or taller equipment such as lights, bipods, or lasers, a center GRID Panel can be cut to fit or removed entirely to open space provided the firearm is braced on both ends. SPECIFICATIONS: Collection: DAKA GRID / Hard Cases, Universal GRID, GRID Replacement Panels Compatibility: Can be fit to most cases on the market. Once cut, the DAKA GRID Panels and Blocks cannot be repaired. Therefore, measure twice, cut once. Overall dimensions: 13.25 x 9.75 x 1 in. per panel Weight:1.7 oz. per panel

DAKA Universal Grid Organizer Replacement Panel Safety Instructions

Introduction

Thank you for choosing the DAKA Universal Grid Organizer Replacement Panel by Magpul. This product offers a customizable solution for organizing and protecting your firearms and important gear. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as outlined in the product description.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the product for any signs of wear or damage. If damaged, discontinue use immediately.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always measure twice before cutting the GRID Panels to avoid unnecessary waste and ensure a proper fit.
- The DAKA GRID Panels and Blocks cannot be repaired once cut. Handle with care during installation.
- When using the GRID Panels with wider or taller equipment, ensure that the firearm is securely braced on both ends to prevent tipping or falling.
- Avoid exposing the GRID Panels to extreme temperatures or harsh chemicals that could compromise the material integrity.

Instructions for Installation and Usage

1. Preparation:

- Gather the necessary tools for cutting and installation (e.g., utility knife, ruler, and marker).
- Ensure that your workspace is clean and free from distractions.

2. Measuring:

- Use the premarked guidelines on the underside of the GRID Panels to determine where to cut.
- Measure the dimensions of your case to ensure compatibility.

3. Cutting:

- Carefully cut along the marked lines using a utility knife. Make sure to apply even pressure for a clean cut.
- Dispose of any excess material responsibly.

4. Installation:

- Place the cut GRID Panel into your case, ensuring a snug fit.
- Use the included DAKA Gear Straps to secure your gear in place. The serrated bottom of the Panels will help channel and secure the straps effectively.

5. Final Checks:

- Ensure that all equipment is securely fastened and that there are no loose items within the case.
- Close the case and check that it is functioning as intended.

Disposal Instructions

- Dispose of any cutoff pieces of the GRID Panels in accordance with local waste management regulations.
- Do not incinerate the product unless specified by local guidelines, as it may release harmful substances.

Contact Information for Further Support

For any questions or concerns regarding the DAKA Universal Grid Organizer Replacement Panel, please refer to the product packaging for the manufacturer's contact information. Additionally, check for any recall updates or safety alerts on the EU's Safety Gate platform.

By following these safety instructions, you can ensure the safe and effective use of the DAKA Universal Grid Organizer Replacement Panel. Thank you for your attention to safety and for choosing our product.
