FIELD ARMORER'S KIT FOR AR15 & GLOCK®

Safety Instructions

Introduction

Thank you for choosing the FIELD ARMORER'S KIT FOR AR15 & GLOCK®. This comprehensive toolkit is designed for the maintenance, repair, and upgrades of your AR15 rifle and Glock pistol. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always read the instructions before using the product.
- Keep the toolkit out of reach of children and unauthorized users.
- Use the toolkit only for its intended purpose.
- Inspect all tools before use to ensure they are in good condition.
- If you notice any damage or wear, discontinue use immediately.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using tools.
- Ensure your work area is clean, dry, and welllit.
- Be cautious of sharp edges and moving parts when using tools.
- Store the toolkit in a safe and secure location when not in use.

Specific Safety Precautions for Use

- **Torque Drivers:**
 - Always use the torque drivers within the specified torque range (1565 inlbs for the AllinOne Torque Driver and 625 inlbs for the Mini Torque Driver).
 - Avoid overtightening fasteners, as this may cause damage to the firearm or the tool.
- **Cleaning Tools:**
 - Use cleaning brushes and rods carefully to avoid injury.
 - Dispose of any used cleaning materials according to local regulations.
- **Punches and Scrapers:**
 - Handle roll pin punches and scrapers with care to prevent injury.
 - Always use a bench block or a stable surface when using punches.
- **Magnetic Tray:**
 - Use the magnetic tray to keep small parts organized and secure during maintenance.
 - Avoid placing the tray near electronic devices, as it may interfere with their operation.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and the area is safe.
- Gather all necessary tools from the kit.

2. Using the Torque Drivers:

- Select the appropriate torque driver for your application.
- Attach the desired bit or socket.
- Adjust the torque setting to the required specification.
- Apply pressure evenly while turning to achieve the correct torque.

3. Cleaning Your Firearm:

- Use the brass cleaning rods with the appropriate 832 threaded attachment.
- Apply cleaning solution as needed and use the cleaning brush to scrub areas.
- Rinse and dry all components thoroughly before reassembly.

4. Using Punches:

- Position the roll pin or punch on the desired location.
- Use a hammer to gently tap the punch into place.
- Ensure you are using the correct size punch for the roll pin.

5. Storing Your Tools:

- After use, clean all tools and return them to the carrying case.
- Ensure the case is closed securely to prevent loss of tools.

Disposal Instructions

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of tools in regular household waste.
- Recycle components where applicable.

Contact Information for Further Support
