

LOW PROFILE CARRY FLASHLIGHT POCKET CLIP BLACK

LOW PROFILE CARRY FLASHLIGHT POCKET CLIP The Low Profile Carry Clip fits many tactical flashlights and provides a discrete, reliable way to carry your flashlight while facilitating fast deployment and enhanced retention. Thyrm developed the Low Profile Carry Clip (LPC Clip) to give your flashlight everything it needs, including less visual signature around town. The clip height is designed to minimize exposure, while still allowing you to index & draw your flashlight quickly in all conditions and positions. Subtle control surfaces on the sides enhance traction and facilitate alternate grip techniques.

FEATURES: Pocket clip with optimized retention force (also MOLLE compatible) Side grip texture and winglets for no-slip handling Lanyard hole for additional retention options Durable, non-conductive polymer construction that won't scratch surroundings Designed and made in the USA The Low Profile Carry Clip is compatible with many one-inch diameter lights. Installation Leave O-ring(s) that come with your flashlight already, on the light. Unscrew the tailcap of the flashlight, then add the LPC Clip along with O-ring and/or aluminum washer before reattaching the tailcap.

Low Profile Carry Flashlight Pocket Clip Safety Instructions

Introduction

Thank you for choosing the Low Profile Carry Flashlight Pocket Clip. Designed for tactical flashlights, this product allows for a discreet and reliable method of carrying your flashlight while ensuring quick access and enhanced retention. This safety instruction guide provides essential information to ensure safe use, installation, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the flashlight is compatible with the Low Profile Carry Clip before use.
- Always inspect the flashlight and clip for any damage before installation.
- Keep the flashlight and clip out of reach of children.
- Use the flashlight only for its intended purpose.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the flashlight in wet or damp environments unless it is rated for such use.
- Avoid exposing the flashlight to extreme temperatures or direct sunlight for extended periods.
- Ensure that the clip is securely attached to the flashlight before use to prevent accidental detachment.
- Do not overload the pocket clip with excessive weight or force.
- Use caution when handling the flashlight to prevent injury from sharp edges or hot surfaces.

Instructions for Installation and Usage

Installation

1. Leave the Oring(s) that come with your flashlight already on the light.
2. Unscrew the tailcap of the flashlight.
3. Add the LPC Clip along with the Oring and/or aluminum washer before reattaching the tailcap.
4. Ensure the tailcap is securely fastened to avoid any accidental disconnection.

Usage

- To carry the flashlight, attach the clip to your belt, pocket, or MOLLE gear.
- When accessing the flashlight, ensure a firm grip on the body of the flashlight to prevent slipping.
- Use the side grip texture and winglets for enhanced handling and control.
- Always return the flashlight to a secure position after use.

Disposal Instructions

- Dispose of the Low Profile Carry Flashlight Pocket Clip according to local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for the polymer materials if available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Low Profile Carry Flashlight Pocket Clip, please refer to the product packaging or visit the manufacturer's website for additional resources.

Thank you for prioritizing safety while using the Low Profile Carry Flashlight Pocket Clip. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
