

LOW PROFILE CARRY FLASHLIGHT POCKET CLIP FLAT DARK EARTH

LOW PROFILE CARRY FLASHLIGHT POCKET CLIP The Low Profile Carry Clip fits many tactical flashlights and provides a discrete, reliable way to carry your flashlight while facilitating fast deployment and enhanced retention. Thyrm developed the Low Profile Carry Clip (LPC Clip) to give your flashlight everything it needs, including less visual signature around town. The clip height is designed to minimize exposure, while still allowing you to index & draw your flashlight quickly in all conditions and positions. Subtle control surfaces on the sides enhance traction and facilitate alternate grip techniques.

FEATURES: Pocket clip with optimized retention force (also MOLLE compatible) Side grip texture and winglets for no-slip handling Lanyard hole for additional retention options Durable, non-conductive polymer construction that won't scratch surroundings Designed and made in the USA The Low Profile Carry Clip is compatible with many one-inch diameter lights. Installation Leave O-ring(s) that come with your flashlight already, on the light. Unscrew the tailcap of the flashlight, then add the LPC Clip along with O-ring and/or aluminum washer before reattaching the tailcap.

Safety Instruction Guide for Low Profile Carry Flashlight Pocket Clip

Introduction

Thank you for choosing the Low Profile Carry Flashlight Pocket Clip. This guide provides essential safety information to ensure the safe and effective use of your flashlight clip. Please read this guide carefully before installation and use.

General Safety Guidelines

- Always ensure the flashlight is turned off when not in use to prevent accidental activation.
- Keep the flashlight and clip out of reach of children. This product is not a toy.
- Inspect the flashlight and clip regularly for any signs of damage or wear before use.
- Use the flashlight only for its intended purpose; avoid exposing it to extreme temperatures or moisture.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the clip is securely attached to the flashlight before use to prevent it from falling off.
- Avoid using the flashlight in wet conditions unless it is explicitly rated for such use.
- Do not modify the flashlight or clip in any way, as this may compromise safety and performance.
- Do not shine the flashlight directly into anyone's eyes, as it may cause temporary blindness or discomfort.
- Be aware of your surroundings when using the flashlight to avoid accidents.

Instructions for Installation and Usage

1. Installation:

- Leave the Oring(s) that come with your flashlight already in place on the light.
- Unscrew the tailcap of the flashlight.
- Add the LPC Clip along with the Oring and/or aluminum washer before reattaching the tailcap.
- Ensure that everything is tightly secured before use.

2. Usage:

- To deploy the flashlight, grip the sides of the flashlight and pull it out of the clip.
- Use the side grip texture and winglets on the clip for a noslip handling experience.
- If necessary, utilize the lanyard hole for additional retention options.

Disposal Instructions

- Dispose of the flashlight and clip in accordance with local regulations.
- Do not dispose of electrical components in regular household waste. Check for designated disposal facilities in your area.

Contact Information for Further Support
