

CLENS LENS PROTECTION FOR FLASHLIGHTS AND WEAPON LIGHTS

- CLENS 18S SMALL SIZE HALF SHEET

CLENS LENS PROTECTION FOR FLASHLIGHTS AND WEAPON LIGHTS Lights only work well when their lenses are clean. Each CLENS Protector provides an easy way to protect lenses during extended shooting sessions. Just like goggle tear-offs for off-road riding, just remove the dirty CLENS to return your light to its optimal brightness. CLENS (pronounced "cleanse") come as a set of heat-resistant clear polymer circles, cut to fit on a wide range of flashlight and weapon-light lenses. Each CLENS Protector protects the lens from carbon and other debris that can build up during firearms training. Each CLENS Protector has a small tear-away tab. The CLENS Protector can be removed to quickly clean a light, rather than having to apply Vaseline before shooting, replace a lens, or risk abrasion with lens cleaners. Each CLENS' mild adhesive backing has a higher affinity for polymer than glass. Attach and position easily, without leaving adhesive on clean glass. However, the adhesive may stick to a dirty or damaged lens. In this case, touching the sticky side of the CLENS to any residual adhesive should remove the adhesive from the lens. Designed and manufactured in the USA. * Follow all firearm safety rules at all times. Detach lights from firearms prior to installing, removing, cleaning, or replacing the CLENS.

Attributes

- Name: CLENS 18S SMALL SIZE HALF SHEET
- Manufacturer: THYRM LLC
- Product no.: 430113975
- Mfr. No.: CLS18S
- Color: Clear
- Model Number: (18S) Small Size Half Sheet
- Delivery weight: 0.027kg
- Shipping height: 3mm
- Shipping width: 146mm
- Shipping length: 222mm
- UPC: 703558827500

CLENS Lens Protection for Flashlights and Weapon Lights Safety Instruction Guide

Introduction

Thank you for choosing CLENS Lens Protection for your flashlights and weapon lights. This guide provides essential safety instructions to ensure the safe and effective use of your CLENS Protectors. Please read this document carefully before use to maximize safety and performance.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Follow all firearm safety rules at all times.
- Keep the CLENS Protectors out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and tear. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use CLENS Protectors only on clean and undamaged lenses.
- Detach lights from firearms before installing, removing, cleaning, or replacing the CLENS Protectors.
- Avoid touching the adhesive side of the CLENS Protectors to prevent contamination.
- If the adhesive sticks to a dirty or damaged lens, touch the sticky side to any residual adhesive to remove it.
- Do not use CLENS Protectors as a substitute for regular lens cleaning or maintenance.

Instructions for Installation and Usage

1. Preparation:

- Clean the lens of your flashlight or weapon light to ensure optimal adhesion.
- Make sure the lens is free from dirt, oil, and other debris.

2. Installation:

- Remove the CLENS Protector from its backing.
- Align the CLENS Protector over the lens of the flashlight or weapon light.
- Press gently to adhere the CLENS Protector to the lens, ensuring no air bubbles are trapped underneath.

3. Usage:

- Use your flashlight or weapon light as usual.
- When the CLENS Protector becomes dirty, simply remove it by pulling on the tearaway tab.
- Dispose of the used CLENS Protector responsibly.

4. Replacement:

- If the lens requires cleaning, replace the CLENS Protector with a new one after cleaning the lens.

Disposal Instructions

- Dispose of used CLENS Protectors in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if local regulations require special disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the CLENS Lens Protection, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your CLENS Lens Protection!
