

CLENS LENS PROTECTION FOR FLASHLIGHTS AND WEAPON LIGHTS - THYRM LLC CLENS 18S SMALL SIZE HALF SHEET

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

CLENS LENS PROTECTION FOR FLASHLIGHTS AND WEAPON LIGHTS Lights only work well when their lenses are clean. Each CLENS Protector provides an easy way to protect lenses during extended shooting sessions. Just like goggle tear-offs for off-road riding, just remove the dirty CLENS to return your light to its optimal brightness. CLENS (pronounced "cleanse") come as a set of heat-resistant clear polymer circles, cut to fit on a wide range of flashlight and weapon-light lenses. Each CLENS Protector protects the lens from carbon and other debris that can build up during firearms training. Each CLENS Protector has a small tear-away tab. The CLENS Protector can be removed to quickly clean a light, rather than having to apply Vaseline before shooting, replace a lens, or risk abrasion with lens cleaners. Each CLENS' mild adhesive backing has a higher affinity for polymer than glass. Attach and position easily, without leaving adhesive on clean glass. However, the adhesive may stick to a dirty or damaged lens. In this case, touching the sticky side of the CLENS to any residual adhesive should remove the adhesive from the lens. Designed and manufactured in the USA. * Follow all firearm safety rules at all times. Detach lights from firearms prior to installing, removing, cleaning, or replacing the CLENS.

Attributes

- Name: [THYRM LLC CLENS 18S SMALL SIZE HALF SHEET](#)
- Manufacturer: [THYRM LLC](#)
- Product no.: 430113975
- Mfr. No.: CLS18S

CLENS Lens Protection for Flashlights and Weapon Lights Safety Instruction Guide

Introduction

Thank you for choosing the CLENS Lens Protection for Flashlights and Weapon Lights by THYRM LLC. This product is designed to enhance the performance of your lighting equipment by keeping lenses clean and free from debris. This safety instruction guide provides essential information on the safe use, installation, and disposal of the CLENS lens protectors in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always follow firearm safety rules when using this product.
- Detach lights from firearms before installing, removing, cleaning, or replacing the CLENS.
- Ensure that the lens is clean and undamaged before applying the CLENS protector.
- Inspect the CLENS protector regularly for wear and replace it as needed.
- Keep this product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may result in lens damage.
 - Using a dirty lens may lead to ineffective adhesion of the CLENS protector.
 - Adhesive may stick to damaged lenses, complicating removal.
- **To Avoid Hazards:**
 - Ensure that the lens surface is clean and dry before applying the protector.
 - Handle the CLENS protector by the edges to avoid contamination of the adhesive side.
 - Do not attempt to use the CLENS protector if it is visibly damaged or worn.
- **AgeSpecific Warnings:**
 - This product is not intended for use by children. Adult supervision is required when handling this product.

Instructions for Installation and Usage

1. Preparation:

- Clean the lens thoroughly to remove any dirt, dust, or residues.
- Ensure the lens is dry before applying the CLENS protector.

2. Application:

- Carefully peel the CLENS protector from its backing.
- Align the protector with the lens, ensuring it covers the entire surface.
- Gently press the protector onto the lens, smoothing out any air bubbles.

3. Removal:

- To remove the CLENS protector, grasp the small tearaway tab and pull gently.
- If the protector does not come off easily, press the sticky side against any residual adhesive on the lens to lift it off.

4. Cleaning:

- If the light needs to be cleaned, simply remove the dirty CLENS protector.
- Clean the lens as needed and apply a new CLENS protector.

Disposal Instructions

- Dispose of used CLENS protectors in accordance with local waste disposal regulations.
- Do not dispose of in regular household waste if local regulations require special handling for plastic materials.

Contact Information for Further Support

For any safety inquiries or further support regarding the CLENS Lens Protection, please consult the documentation provided with your product or visit the manufacturer's website.

Thank you for prioritizing safety while using the CLENS Lens Protection for Flashlights and Weapon Lights. Your adherence to these guidelines helps ensure a safe and effective experience.
