Safety Instruction Guide for CARBIDE FACTORY CRIMP MICROMETER SEATER ADAPTERS

Introduction

Thank you for choosing the CARBIDE FACTORY CRIMP MICROMETER SEATER ADAPTERS from LEE PRECISION. This product is designed to enhance the performance of your Lee Carbide Factory Crimp die, providing precise bullet seating and crimping. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading equipment before using this product.
- Always wear appropriate safety gear, including safety glasses, when reloading ammunition.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding ammunition reloading and safety.

Specific Safety Precautions for Use

- Use only the specific cartridge adapter designed for your caliber (38 SPL, 357 MAG, 41 MAG) to avoid malfunctions.
- Do not exceed the recommended load limits for your ammunition.
- Ensure that the adjusting screw is securely tightened before use to prevent movement during operation.
- Always check that the die is properly installed and aligned before starting the reloading process.
- Avoid distractions while using the product to maintain focus and safety.

Instructions for Installation and Usage

1. Installation of the Adapter:

- Remove the stock adjusting screw from your Lee Carbide Factory Crimp die.
- Select the cartridgespecific adapter for your caliber.
- Carefully screw the adapter into place, ensuring it is securely fastened.

2. Adjusting the Die:

- Set the desired bullet seating depth using the micrometer feature.
- Adjust the crimping feature as needed, ensuring that the die remains stationary after installation.

3. Loading the Ammunition:

- Place the cartridge case in the shell holder of your press.
- Operate the press to seat the bullet and apply the crimp in one step.
- Inspect the completed cartridge to ensure proper seating and crimping.

4. PostUse Inspection:

- After use, inspect the product for any signs of wear or damage.
- Clean the product according to the manufacturer's recommendations to maintain performance.

Disposal Instructions

- Dispose of any worn or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, contact your local waste management authority for proper disposal methods.
