

RIFLE PRECISION MICROMETER BULLET SEATING DIES - LEE PRECISION 350 LEGEND RIFLE PRECISION MICROMETER BULLET SEATING DIE

LEE PRECISION RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introducing the new Precision Micrometer bullet seating die. Features dead length bullet seating with smooth, accurate adjustment. Tests prove sliding bullet guide provides cartridges with the least bullet runout. When used as a dead length bullet seating die, the body contacts the shell holder assuring precise uniform seating depth. FEATURES Laser engraved micrometer thimble and body is easy to read with divisions representing one thousandth of an inch, reads just like a precision depth micrometer. Infinitely adjustable, providing precision bullet seating depth. Bullet seating stem is machined and burnished to seat nearly any point style bullet without damage or marking. The case mouth and bullet are held in perfect alignment by a floating bullet guide. The bullet guide is provided with radial clearance to allow the case and bullet guide to align perfectly with the bullet seater screw. The floating bullet guide is reversible, simply unthread guide and re-install to allow seating and crimping simultaneously, an exclusive feature to Lee. This bullet seating die proves accuracy doesn't have to cost a lot.

Safety Instruction Guide for RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introduction

Thank you for choosing the RIFLE PRECISION MICROMETER BULLET SEATING DIES by LEE PRECISION. This guide provides essential safety instructions and usage guidelines to ensure your safety and the effective operation of the product. It is important to read and understand this guide before using the product.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use the product only for its intended purpose.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are wearing appropriate safety gear, including safety glasses, when using the product.
- Keep hands and other body parts clear of moving parts during operation.
- Do not exceed the recommended bullet seating depth as specified in the manufacturer's guidelines.
- Avoid using excessive force when adjusting the micrometer settings; it should move smoothly.
- Ensure that the workspace is clean and free from clutter to prevent accidents.
- Do not modify or alter the product in any way that could compromise safety or functionality.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Attach the micrometer bullet seating die to the reloading press according to the manufacturer's instructions.
- Make sure the die is properly aligned and tightened to prevent movement during use.

2. Setting Up for Use

- Adjust the micrometer thimble to the desired bullet seating depth. Ensure that the settings are clear and easily readable.
- Place the bullet seating stem in the die and ensure it is properly seated.
- Insert the case into the shell holder and ensure it is held securely.

3. Using the Die

- Carefully place the bullet into the case mouth, ensuring it is aligned with the floating bullet guide.
- Gently lower the ram of the reloading press to seat the bullet. Avoid applying excessive force.
- After seating, check the bullet runout to ensure accuracy and consistency.

4. PostUse Care

- After use, clean the die and remove any debris or residue.
- Store the die in a safe, dry place, away from direct sunlight and moisture to prevent damage.

Disposal Instructions

- Dispose of any used or damaged components following local regulations for hazardous materials.
- Do not dispose of the product in household waste. Check for local recycling programs for metal and plastic components.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please refer to the manufacturer's website or customer support resources. Always ensure that you have the product's model number and details ready when seeking assistance.

By following these safety instructions, you can ensure safe and effective use of the RIFLE PRECISION MICROMETER BULLET SEATING DIES. Your safety is our priority. Thank you for your attention to these guidelines.
