

RIFLE PRECISION MICROMETER BULLET SEATING DIES - LEE PRECISION 338 ARC RIFLE PRECISION MICROMETER BULLET SEATING DIE

LEE PRECISION RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introducing the new Precision Micrometer bullet seating die. Features dead length bullet seating with smooth, accurate adjustment. Tests prove sliding bullet guide provides cartridges with the least bullet runout. When used as a dead length bullet seating die, the body contacts the shell holder assuring precise uniform seating depth. FEATURES Laser engraved micrometer thimble and body is easy to read with divisions representing one thousandth of an inch, reads just like a precision depth micrometer. Infinitely adjustable, providing precision bullet seating depth. Bullet seating stem is machined and burnished to seat nearly any point style bullet without damage or marking. The case mouth and bullet are held in perfect alignment by a floating bullet guide. The bullet guide is provided with radial clearance to allow the case and bullet guide to align perfectly with the bullet seater screw. The floating bullet guide is reversible, simply unthread guide and re-install to allow seating and crimping simultaneously, an exclusive feature to Lee. This bullet seating die proves accuracy doesn't have to cost a lot.

Safety Instruction Guide for RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introduction

Thank you for choosing the RIFLE PRECISION MICROMETER BULLET SEATING DIES by LEE PRECISION. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read the entire manual carefully before using the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use and handling.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe product conditions or incidents to the appropriate authorities.
- Stay informed about product recalls or safety alerts via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use may result in injury or damage.
 - Ensure that all adjustments are made securely to prevent accidents.
- **Avoiding Hazards:**
 - Do not exceed the recommended bullet types or calibers specified for this die.
 - Use appropriate personal protective equipment (PPE) such as safety glasses when operating.
 - Do not attempt to modify the die; alterations may compromise safety and functionality.
- **AgeSpecific Warnings:**
 - This product is intended for use by individuals aged 18 years and older.
 - Ensure that inexperienced users are supervised by a knowledgeable adult.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your reloading press is securely mounted and stable.
 2. Remove any previous dies from the press if applicable.
 3. Carefully screw the Precision Micrometer bullet seating die into the press until it is snug.
 4. Adjust the seating depth using the micrometer thimble according to your specifications.
- **Usage:**
 1. Place the cartridge case into the shell holder.
 2. Insert the bullet into the case mouth.
 3. Slowly raise the press handle to seat the bullet, ensuring that the bullet guide is properly aligned.
 4. Check the seating depth using a caliper to ensure consistency.
 5. Repeat the process for each cartridge, monitoring for any irregularities.

Disposal Instructions

- Dispose of the product according to local regulations.
- Do not dispose of any components in regular household waste.
- Check for local recycling programs that may accept metal components.

Contact Information for Further Support

For any inquiries or concerns regarding safety, usage, or product support, please refer to the manufacturer's contact information available on the product packaging or website.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your RIFLE PRECISION MICROMETER BULLET SEATING DIES. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
