

RIFLE PRECISION MICROMETER BULLET SEATING DIES - LEE PRECISION 277 SIG FURY RIFLE PRECISION MICROMETER BULLET SEATING DIE

LEE PRECISION RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introducing the new Precision Micrometer bullet seating die. Features dead length bullet seating with smooth, accurate adjustment. Tests prove sliding bullet guide provides cartridges with the least bullet runout. When used as a dead length bullet seating die, the body contacts the shell holder assuring precise uniform seating depth. FEATURES Laser engraved micrometer thimble and body is easy to read with divisions representing one thousandth of an inch, reads just like a precision depth micrometer. Infinitely adjustable, providing precision bullet seating depth. Bullet seating stem is machined and burnished to seat nearly any point style bullet without damage or marking. The case mouth and bullet are held in perfect alignment by a floating bullet guide. The bullet guide is provided with radial clearance to allow the case and bullet guide to align perfectly with the bullet seater screw. The floating bullet guide is reversible, simply unthread guide and re-install to allow seating and crimping simultaneously, an exclusive feature to Lee. This bullet seating die proves accuracy doesn't have to cost a lot.

Safety Instruction Guide for RIFLE PRECISION MICROMETER BULLET SEATING DIES

Introduction

Thank you for choosing the RIFLE PRECISION MICROMETER BULLET SEATING DIES by LEE PRECISION. This product is designed for precision bullet seating in rifle reloading applications. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle all reloading equipment with care and attention.
- Ensure that you are familiar with the operation of the bullet seating die before use.
- Store the product in a safe place, out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Always wear safety glasses while using the bullet seating die to protect your eyes from potential debris.
- Ensure that your workspace is clean and free of any obstructions.
- Avoid wearing loose clothing or jewelry that could get caught in the equipment.
- Do not exceed the recommended bullet seating depth as specified in the product manual.
- Always check that the die is properly secured to the press before use.
- Use only compatible cartridges as specified for this die to prevent malfunction.
- Keep hands clear of the die during operation to avoid injury.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is turned off and unplugged.
- Securely attach the bullet seating die to the press according to the manufacturer's instructions.
- Adjust the die to the desired height for bullet seating.
- Ensure that the bullet guide is properly aligned with the seating stem.

2. Usage:

- Place a cartridge case into the shell holder of the reloading press.
- Insert the bullet into the case mouth, ensuring proper alignment.
- Slowly operate the press handle to seat the bullet. Monitor the depth of seating using the micrometer thimble.
- After seating, check for proper bullet alignment and depth.
- Remove the completed cartridge from the shell holder.

3. PostUsage:

- Clean the die after each use to remove any residue or debris.
- Store the die in a dry and secure location.

Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local waste disposal regulations.
- Recycle packaging materials where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact details provided on the product packaging or visit the manufacturer's website.

By following this safety instruction guide, you can ensure a safe and effective reloading experience with the RIFLE PRECISION MICROMETER BULLET SEATING DIES. Thank you for your attention to safety.
