

FLAT TAKE DOWN LEVERS FOR SIG SAUER® P320 - TYRANT CNC

FLAT TAKE DOWN LEVER FOR SIG SAUER P320 GOLD

TYRANT CNC FLAT TAKE DOWN LEVERS FOR SIG SAUER® P320 Introducing the Enhanced Flat P320 Takedown Lever by Tyrant CNC — the ultimate holster-compatible upgrade for the Sig Sauer P320. Precision-engineered for flawless integration, this takedown lever is the definitive solution to common SIG P320 issues, including the frustrating problem of the lever getting stuck. Designed as a seamless, direct replacement, it elevates firearm functionality while enhancing compatibility with all holster types. Crafted from premium-grade steel and machined with exacting precision via CNC processes, the Enhanced Flat P320 Takedown Lever delivers unmatched reliability. A specialized heat-treatment process fortifies the lever's resilience, ensuring it outperforms standard factory components under the most demanding conditions. The bead-blasted surface finish strikes a perfect balance between aesthetics and practicality, enhancing grip security. A PVD coating further protects against wear and tear, preserving both the lever's integrity and sleek appearance over time. Tyrant CNC has redefined the takedown lever's geometry by increasing the surface area without compromising its low-profile design. This thoughtful enhancement allows for effortless manipulation—even when wearing gloves or operating under stress—streamlining disassembly and maintenance. Fully holster-compatible, the lever ensures smooth drawing and re-holstering with all holster types, eliminating interference or snagging. The expanded surface also functions as an additional thumb rest, offering improved stability and control for precise shooting in any condition. For discerning Sig Sauer P320 owners, the Enhanced Flat P320 Takedown Lever by Tyrant CNC is more than an accessory—it's a performance-driven upgrade that combines innovative design with functional excellence. Elevate the shooting experience and ensure peak performance in every scenario with this standout component.

Consumer Safety Instruction Guide for FLAT TAKE DOWN LEVERS FOR SIG SAUER® P320

Introduction

Thank you for choosing the Enhanced Flat P320 Takedown Lever by Tyrant CNC. This product is designed to enhance the functionality and reliability of your Sig Sauer P320 firearm. Please follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Sig Sauer P320 and its components before using this product.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Store the takedown lever and your firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the takedown lever for any signs of wear or damage before use.
- If you notice any irregularities with the takedown lever, discontinue use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Always keep the firearm pointed in a safe direction when manipulating the takedown lever.
- Ensure the firearm is unloaded before attempting to install or use the takedown lever.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Avoid using the takedown lever in adverse conditions that may impair your grip or control.
- Be cautious when using the takedown lever while wearing gloves, as this may affect your dexterity.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the factory takedown lever by following the manufacturer's instructions for disassembly.
- Align the Enhanced Flat P320 Takedown Lever with the takedown lever housing.
- Gently press the lever into place until it is securely fitted.
- Reassemble the firearm according to the manufacturer's instructions.

2. Usage:

- To use the takedown lever, ensure the firearm is pointed in a safe direction.
- Depress the takedown lever to release the slide and allow for disassembly.
- Follow the manufacturer's guidelines for reassembly after maintenance.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and firearm components.
- Do not dispose of the product in regular household waste.
- Check for local recycling programs that accept metal components.

Contact Information for Further Support

For any questions or concerns regarding the Enhanced Flat P320 Takedown Lever, please consult the manufacturer's website or contact their customer support team for assistance.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure that you use the Enhanced Flat P320 Takedown Lever safely and effectively. Always prioritize safety and responsible firearm handling practices. Thank you for choosing Tyrant CNC.
