

V3 INNER BELT - GBRS GROUP V3-INNER BELT XLARGE BLACK

GBRS GROUP V3 INNER BELT The inner belt system consists of a low profile "hook" inner belt with a single layer of 1.5" scuba webbing. This results in a system that doubles as a non-metallic EDC belt and is a comfortable and convenient way to cover the abrasive hook portion of the inner belt when flipped inside out. The single layer of scuba webbing allows for a rigid surface for IWB holsters to secure firmly. V3 INNER BELT Safety Instruction Guide

Introduction

Thank you for choosing the V3 INNER BELT by GBRS GROUP. This safety instruction guide is designed to provide you with essential safety information and guidelines for the proper use, installation, and disposal of your product. Please read this guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure safe use of the V3 INNER BELT by following all instructions provided in this guide.
- This product is designed for adult users. Keep out of reach of children to prevent accidents.
- Inspect the belt regularly for any signs of wear or damage before each use.
- If you notice any defects, do not use the belt and contact the manufacturer for support.
- Always use the belt in accordance with its intended purpose.

Specific Safety Precautions for Use

- Ensure the belt is properly adjusted to fit your waist size before use.
- Do not exceed the maximum waist size limit specified in the product specifications.
- Avoid using the belt with incompatible holsters or accessories that may compromise safety.
- Use caution when adjusting the belt to avoid pinching or injury to your skin.
- Do not use the belt for activities that it is not designed for, such as climbing or heavy lifting.

Instructions for Installation and Usage

1. Fitting the Belt:

- Identify your waist size and choose the appropriate size of the V3 INNER BELT (Small, Medium, Large, or XLarge).
- Insert the belt through your pants loops, ensuring that the hook portion is facing inward.
- Adjust the belt to fit snugly around your waist without being overly tight.

2. Securing Holsters:

- Attach your IWB holster to the belt, ensuring that it is secured firmly against the rigid surface of the scuba webbing.
- Test the holster's security by gently tugging on it before use.

3. Using the Belt:

- Once the belt is fitted and holster secured, you may wear it as a standard EDC (Everyday Carry) belt.
- If you need to flip the belt inside out, ensure that the abrasive hook portion is fully covered to prevent skin irritation.

4. Removing the Belt:

- To remove the belt, simply unfasten it and gently pull it out of the pants loops.

Disposal Instructions

- Dispose of the V3 INNER BELT responsibly. If it is no longer usable, consider recycling materials where facilities are available.

- Do not dispose of the belt in household waste if it can be recycled or reused.

Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe products, please reach out to the manufacturer through the provided contact channels. Ensure that you have your product details handy for a swift response.

By following these guidelines, you can help ensure your safety and the effective use of the V3 INNER BELT. Thank you for your attention to these important safety instructions.
