

STOCK BOLT WASHER FOR REMINGTON 870

REMINGTON STOCK BOLT WASHER FOR REMINGTON 870 Built for durability and proper stock alignment, this black steel Stock Bolt Washer for the Remington 870 provides the secure, load-bearing surface needed to keep the buttstock firmly seated under recoil. Precision-formed for consistent fit against the stock bolt and interior stock channel, it prevents compression, shifting, and hardware wear over time. Its black steel finish offers corrosion resistance and long-term strength, making it an ideal replacement for worn or missing factory hardware and a dependable choice for any 870 rebuild or upgrade.

NOTE: These items are a new, authentic Remington products acquired directly from Remington's OEM inventory. This item is guaranteed to be unused and fully functional.

Safety Instruction Guide for Stock Bolt Washer for Remington 870

Introduction

Thank you for choosing the Stock Bolt Washer for the Remington 870. This guide provides essential safety instructions and guidelines to ensure safe usage and installation of the product. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the product is suitable for your Remington 870 model before installation.
- Always handle the Stock Bolt Washer with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Stock Bolt Washer for any signs of wear or damage. Replace if necessary.
- Follow all applicable laws and regulations regarding firearm parts and accessories.
- Store the product in a cool, dry place away from direct sunlight.

Specific Safety Precautions for Use

- Always wear protective eyewear when working on firearms to prevent injury from debris.
- Ensure the firearm is unloaded before performing any maintenance or installation.
- Use appropriate tools for installation to avoid damaging the Stock Bolt Washer or the firearm.
- Do not modify the Stock Bolt Washer in any way, as this may compromise its integrity and safety.
- If you experience any difficulties during installation, consult a professional gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather necessary tools: a screwdriver and any other tools specified in your firearm's manual.
- Ensure the firearm is unloaded and in a safe working environment.

2. Installation Steps

- Remove the existing stock bolt washer if applicable.
- Clean the area where the Stock Bolt Washer will be installed to ensure proper fit.
- Position the Stock Bolt Washer against the stock bolt and align it with the interior stock channel.
- Securely fasten the stock bolt to ensure the washer is properly seated.
- Ensure that the installation is tight and that there is no movement.

3. PostInstallation Check

- Inspect the installation to confirm that the Stock Bolt Washer is correctly positioned.
- Test the stability of the buttstock by applying slight pressure to ensure it is firmly seated.

Disposal Instructions

- Dispose of any old or damaged hardware in accordance with local regulations.
- Do not dispose of the Stock Bolt Washer in general waste. Check with local authorities for proper disposal methods for metal products.

Contact Information for Further Support

For any inquiries related to safety, installation, or product issues, please consult the manufacturer or a qualified gunsmith. Always ensure you are using genuine Remington products for your firearm needs.

By adhering to these guidelines, you can ensure the safe and effective use of the Stock Bolt Washer for your Remington 870. Thank you for prioritizing safety in your firearm maintenance.
