Safety Instruction Guide for 28 Gauge RemChoke Extended Choke Tubes for Remington 1100

Introduction

Thank you for choosing the 28 Gauge RemChoke Extended Choke Tubes for your Remington 1100 shotgun. This guide provides essential safety instructions to ensure the safe and effective use of your choke tubes. Please read this guide carefully before use.

General Safety Guidelines

- Always follow local laws and regulations regarding the use of firearms and accessories.
- Ensure that the choke tubes are compatible with your shotgun model before installation.
- Regularly inspect the choke tubes for signs of wear or damage.
- Store choke tubes in a safe, dry place away from children and unauthorized users.
- Avoid using choke tubes that show signs of corrosion, cracks, or other damage.

Specific Safety Precautions for Use

- Use only Remington RemChoke tubes with the Remington 1100 shotgun to ensure safety and performance.
- Always wear eye protection when shooting to protect against potential debris.
- Ensure the shotgun is unloaded before installing or removing the choke tubes.
- Do not attempt to modify or alter the choke tubes in any way.
- Keep fingers clear of the choke tube area during installation and removal to avoid injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure your shotgun is unloaded and pointed in a safe direction.
- Gather necessary tools, if any, for installation (typically, no special tools are required).

2. Installation:

- Locate the choke tube threads at the end of the shotgun barrel.
- Align the choke tube with the threads and gently screw it into place by hand until it is snug.
- Use a choke tube wrench if necessary to tighten the choke tube securely, but do not overtighten.

3. Usage:

- Load your shotgun according to the manufacturer's instructions.
- Aim and fire your shotgun in a safe and controlled environment.
- After use, allow the shotgun and choke tube to cool before handling.

4. Removal:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Use a choke tube wrench to loosen the choke tube by turning it counterclockwise.
- Carefully remove the choke tube by hand and store it in a safe place.

Disposal Instructions

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste. Check for local recycling or hazardous waste disposal options.
