

410 BORE EJECTOR HOUSING FOR REMINGTON 1100 NEW STYLE

REMINGTON 410 BORE EJECTOR HOUSING FOR REMINGTON 1100 NEW STYLE

Restore, repair, or complete your Remington 1100 with this new-style .410 bore ejector housing, manufactured to proper dimensions and supplied in an unfinished silver-steel state. This component is ideal for gunsmiths and builders who need a high-quality replacement part that can be fitted and finished to match the receiver. Crafted from durable steel, this ejector housing provides the correct geometry for reliable extraction and ejection once properly installed. Its unfinished silver color allows you to apply your preferred finish—bluing, Cerakote, or polishing—after fitting. **FEATURES** Correct .410 Bore Pattern – Designed specifically for Remington 1100 .410 models. New-Style Configuration – Matches later-generation factory design. Durable Steel Construction – Strong, machinable, and built for long service life. Unfinished Silver Color – Raw exterior ready for final finishing. Gunsmith-Ready Part – Requires fitting and installation by a qualified professional. Ideal for Repairs & Restorations – Perfect for bringing older receivers back to full function. SPECS Part Type: Ejector Housing Gauge/Bore: .410 Bore Compatibility: Remington 1100 (New Style) Material: Steel Color: Silver (Unfinished) Finish: Raw, unblued, uncoated Fitting Required: Yes – professional installation recommended **NOTE:** These items are a new, authentic products acquired directly from Remington's OEM inventory. This item is guaranteed to be unused and fully functional.

Safety Instruction Guide for 410 Bore Ejector Housing for Remington 1100 New Style

Introduction

Thank you for choosing the 410 Bore Ejector Housing for Remington 1100 New Style. This guide provides important safety information and instructions for the proper use, installation, and disposal of this product. Please read this guide carefully to ensure safe handling and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the ejector housing by following all instructions and precautions outlined in this guide.
- Be aware of potential hazards associated with the installation and use of this product.
- Always handle firearms and firearm components with care and respect.
- Keep this product out of reach of children and unauthorized users.
- If you experience any issues or concerns regarding the product, contact a qualified professional for assistance.

Specific Safety Precautions for Use

- Only use this ejector housing with Remington 1100 .410 models.
- Ensure that the firearm is unloaded before beginning any work on it.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while handling and installing the ejector housing.
- Inspect the ejector housing for any signs of damage or defects before installation. Do not use if damaged.
- Ensure that all installation work is performed by a qualified gunsmith or professional to avoid any safety hazards.

Instructions for Installation and Usage

1. Preparation:

- Gather the necessary tools for installation, including screwdrivers, wrenches, and any other required equipment.
- Ensure you have a clean and well-lit workspace.

2. Installation Steps:

- Confirm that the firearm is completely unloaded and safe to work on.
- Remove the existing ejector housing from the Remington 1100, following the manufacturer's instructions.
- Carefully align the new ejector housing with the receiver of the firearm.
- Secure the ejector housing in place using the appropriate screws or fasteners.
- Ensure that the ejector housing is properly fitted and does not interfere with the operation of the firearm.
- Once installed, conduct a thorough inspection to ensure proper alignment and functionality.

3. PostInstallation:

- Test the firearm in a safe and controlled environment to ensure that the ejector housing functions correctly.
- If any issues arise during testing, consult a qualified gunsmith for further evaluation.

Disposal Instructions

- Dispose of any packaging materials and old parts in accordance with local regulations.
- The ejector housing itself should be disposed of responsibly, ensuring it does not pose a hazard to the environment.
- Contact local waste management authorities for guidance on proper disposal methods for metal components.

Contact Information for Further Support

For any questions or concerns regarding the 410 Bore Ejector Housing for Remington 1100 New Style, please consult a qualified gunsmith or contact the manufacturer directly for assistance.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your 410 Bore Ejector Housing for Remington 1100 New Style. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important safety measures.
