

V-SERIES TRU GLO SCOPE RAIL & REAR SIGHT FOR REMINGTON VERSAMAX - V-SERIES TRU GLO SCOPE RAIL & REAR SIGHT FOR REMINGTON 870

REMINGTON V-SERIES TRU GLO SCOPE RAIL & REAR SIGHT FOR REMINGTON V3/VERSAMAX/11-87/1100 & 870 This V-Series assembly provides a dual-mode sighting solution: mount an optic on the integrated rail or run the bright fiber-optic rear sight for fast, instinctive alignment. The TrueGlo fiber element gathers ambient light to create a crisp, high-visibility rear reference point, improving target acquisition in low-light woods, blinds, or transitional lighting.

The rail is machined for stability and repeatable zero retention, while the rear sight sits low enough to co-witness with many optics or serve as a backup sighting system. **FEATURES** TrueGlo Fiber-Optic Rear Sight — High-visibility fiber element enhances sight picture in low light and dense cover. Integrated Scope Rail — Provides a stable platform for red dots, scopes, or reflex sights. V-Series Compatibility — Designed for V3, Versa Max, 1187, 1100, and 870 receivers. Dual-Purpose Design — Run optics, irons, or both as a co-witness setup. Low-Profile Rear Sight — Sits close to the receiver for a natural cheek weld and fast alignment. Durable Construction — Built to withstand recoil from heavy turkey, slug, and magnum loads. Easy Installation — Direct-fit mounting pattern for multiple Remington platforms. **NOTE:** These items are a new, authentic products acquired directly from Remington's OEM inventory. This item is guaranteed to be unused and fully functional.

VSeries Tru Glo Scope Rail & Rear Sight Safety Instructions

Introduction

Thank you for choosing the VSeries Tru Glo Scope Rail & Rear Sight for your Remington firearm. This product is designed to enhance your shooting experience by providing a reliable sighting solution. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat firearms as if they are loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store firearms and ammunition in a secure location, out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when using firearms.
- Be aware of your surroundings and ensure that your shooting area is safe.
- Regularly inspect your sight and firearm for any signs of damage or wear before use.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

- Ensure that the VSeries Tru Glo Scope Rail & Rear Sight is compatible with your firearm model (Remington V3, Versa Max, 1187, 1100, or 870).
- Do not attempt to modify or alter the scope rail or rear sight in any way.
- Always check that the sight is securely mounted before using the firearm.
- Avoid using the firearm in wet or slippery conditions where loss of control may occur.
- Be cautious of the recoil generated by heavy loads and ensure that you maintain a firm grip on the firearm.
- If you experience any issues with the sight or firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing sights if necessary.
- Align the VSeries Tru Glo Scope Rail with the mounting points on your firearm.
- Use the provided mounting hardware to secure the rail in place, ensuring it is tight but not overtightened.
- Attach the rear sight according to the manufacturer's instructions, ensuring it is positioned for optimal visibility.
- Perform a final check to ensure all components are securely attached before use.

2. Usage:

- When aiming, ensure that you have a clear line of sight through the rear sight and your optic.
- Practice proper shooting stance and technique to enhance accuracy.
- Adjust the rear sight as necessary for your specific shooting conditions and preferences.
- Regularly check the alignment and condition of the sight during use, especially after heavy shooting sessions.

Disposal Instructions

- Dispose of the VSeries Tru Glo Scope Rail & Rear Sight in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the aluminum material where facilities are available.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the VSeries Tru Glo Scope Rail & Rear Sight, please refer to the manufacturer's contact details provided with your product or visit the manufacturer's website for additional support.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with your VSeries Tru Glo Scope Rail & Rear Sight. Always prioritize safety and remain informed about best practices for firearm use. Thank you for your attention to these important guidelines.
