

HANDGUN PRO SERIES MICROMETER TAPER CRIMP DIES - 380 AUTO PRO SERIES MICROMETER TAPER CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Lyman's Micrometer Taper Crimp Die gives you exact the amount of crimp that you want. The Taper Crimp Die has a micrometer adjustable head for precise positioning of the floating crimp sleeve. If you want to change your bullet crimp a few thousandths of an inch, simply turn the micrometer head to the required setting. The floating crimp sleeve centers the cartridge and applies a perfect taper crimp. Our Micrometer Taper Crimp Die is also made of corrosion resistant stainless steel which protects it from rust and keeps it looking like new for a lifetime of use.

Safety Instruction Guide for HANDGUN PRO SERIES MICROMETER TAPER CRIMP DIES 380 AUTO

Introduction

Thank you for choosing the HANDGUN PRO SERIES MICROMETER TAPER CRIMP DIES 380 AUTO. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. It is important to read and understand these instructions before use to minimize risks and ensure proper handling.

General Safety Guidelines

- Always handle the die with care and ensure it is used in a safe environment.
- Keep the die out of reach of children and vulnerable individuals.
- Use the die only for its intended purpose as described in this guide.
- Regularly inspect the die for any signs of damage or wear before use.
- If you observe any defects or irregularities, do not use the die and contact a qualified professional for assistance.

Specific Safety Precautions for Use

- Ensure that your workspace is clean, dry, and welllit to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
- Be aware of your surroundings and ensure that no unauthorized personnel are nearby while you are using the die.
- Avoid distractions while operating the die to maintain focus and control.
- Do not exceed the recommended crimp settings to prevent damage to the die or ammunition.
- Store the die in a secure location when not in use to prevent accidental injury.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the HANDGUN PRO SERIES MICROMETER TAPER CRIMP DIES.
- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Adjust the micrometer head to the desired crimp setting before inserting the cartridge.

2. Usage:

- Insert the cartridge into the die and ensure it is properly aligned.
- Slowly operate the reloading press to apply the taper crimp.
- Monitor the crimping process closely to ensure proper application and avoid overcrimping.
- After crimping, inspect the cartridge to ensure that the crimp is uniform and meets your specifications.

Disposal Instructions

- Dispose of any damaged or worn components of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the HANDGUN PRO SERIES MICROMETER TAPER CRIMP DIES 380 AUTO, including safety concerns or product support, please contact your local authorized dealer or the manufacturer directly.

By following these guidelines, you can ensure the safe and effective use of your HANDGUN PRO SERIES MICROMETER TAPER CRIMP DIES 380 AUTO. Always prioritize safety and compliance with local regulations when using any reloading equipment.
