Safety Instruction Guide for ABRASIVE PAPER SHEETS NORTON ABRASIVE ALUMINUM OXIDE COATED PAPER P120 GRIT 9X11

Introduction

Thank you for choosing the Norton Abrasive Aluminum Oxide Coated Paper P120 Grit 9x11. This product is designed for various sanding applications and provides excellent performance. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure safe use of the product by following these general safety guidelines:
 - Always read and understand the product instructions before use.
 - Use the abrasive paper only for its intended purpose.
 - Keep the product out of reach of children and vulnerable individuals.
 - Inspect the product for damage before use. Do not use if damaged.
 - Use appropriate personal protective equipment (PPE), such as gloves and dust masks, to minimize exposure to dust and particles.
 - Work in a wellventilated area to reduce inhalation of dust.
 - Store the product in a cool, dry place away from direct sunlight and moisture.

Specific Safety Precautions for Use

- To ensure your safety while using the abrasive paper, please observe the following precautions:
 - Avoid prolonged skin contact with the abrasive surface.
 - Do not use the abrasive paper on materials for which it is not designed.
 - Use caution when sanding to avoid excessive pressure that may cause the paper to tear or create hazardous dust.
 - Always follow the manufacturer's recommendations for the appropriate speed and pressure when using power tools with abrasive paper.
 - Ensure that the workpiece is securely clamped or supported to prevent movement during sanding.

Instructions for Installation and Usage

- Follow these steps for proper installation and use of the abrasive paper:
 - 1. Preparation:**
 - Gather all necessary tools and materials.
 - Ensure that your workspace is clean and organized.
 - 2. Attaching the Abrasive Paper:**
 - If using with a power tool, ensure the tool is unplugged.
 - Align the abrasive paper with the tool's backing pad or holder.
 - Secure the paper in place according to the tool manufacturer's instructions.
 - 3. Using the Abrasive Paper:**
 - Plug in the power tool or prepare your manual sanding method.
 - Start the tool and allow it to reach full speed before making contact with the workpiece.
 - Apply light, even pressure while sanding. Avoid pressing too hard.
 - Move the tool or paper in a consistent motion to achieve a smooth finish.
 - 4. After Use:**
 - Unplug the tool if used with power.
 - Clean the work area and dispose of any dust and debris responsibly.
 - Store any unused abrasive paper in its original packaging to protect it from damage.

Disposal Instructions

- Proper disposal of the abrasive paper is important for environmental safety:
 - Dispose of used abrasive paper in accordance with local regulations.
 - Recycle the packaging materials where possible.
 - Do not dispose of the product in household waste if it contains hazardous materials.

Contact Information for Further Support

- For any safety inquiries or concerns regarding this product, please refer to the EUbased contact point provided by the manufacturer. Ensure you have the product details ready for reference.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with the Norton Abrasive Aluminum Oxide Coated Paper P120 Grit 9x11.
