

PROTECTIVE TUBES - SINCLAIR INTERNATIONAL 9/16"X3-1/2"

PROTECTIVE TUBE (JAGS, BRUSHES)

[Shooting Accessories](#) > [Gun Storage](#) > [Storage Boxes](#)

These protective tubes are great for storing small parts, dummy rounds, case or bullet samples, small tools, etc. The tubes are acrylic and come with a polyethylene cap. The cardboard tube is one and one half inch I.D., collapses to three inches for small items, and expands to five and one half inch for larger items. Great for storing L.E. Wilson Dies!

Safety Instructions for PROTECTIVE TUBES SINCLAIR INTERNATIONAL 9/16"X31/2"

Introduction

Thank you for choosing the PROTECTIVE TUBES SINCLAIR INTERNATIONAL. These tubes are designed for storing small parts, dummy rounds, case or bullet samples, and small tools. This safety instruction guide provides essential information to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the protective tubes are used for their intended purpose only.
- Keep the tubes out of reach of children to prevent accidental injury or misuse.
- Regularly inspect the tubes for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the tubes in a welllit area to avoid accidents during handling.
- Avoid exposing the tubes to extreme temperatures or direct sunlight for prolonged periods, as this may affect their integrity.
- Do not overload the tubes beyond their designed capacity to prevent deformation or breakage.
- When collapsing or expanding the tubes, do so gently to avoid pinching fingers or causing injury.

Instructions for Installation and Usage

1. Unpacking the Product

- Carefully remove the protective tubes from the packaging.
- Inspect the tubes for any visible damage or defects.

2. Using the Tubes

- To store small parts, remove the polyethylene cap.
- Place the items inside the tube, ensuring they do not exceed the tube's capacity.
- Replace the polyethylene cap securely to protect the contents.

3. Collapsing the Tubes

- To collapse the tube for smaller items, gently press the sides until it reduces to three inches.
- Ensure that the contents are secure before collapsing the tube.

4. Expanding the Tubes

- To expand the tube for larger items, gently pull the ends apart until it reaches five and one half inches.
- Ensure that the tube is stable and the contents are secure before use.

Disposal Instructions

- Dispose of the protective tubes responsibly.
- Check local regulations for proper disposal methods of plastic and cardboard materials.
- If the tubes are damaged or no longer needed, recycle them where facilities are available.

Contact Information for Further Support

For any inquiries regarding safety concerns or product support, please refer to the manufacturer's contact details provided on the product packaging or their official website.

Thank you for following these safety instructions. Your adherence to these guidelines helps ensure a safe experience with the PROTECTIVE TUBES SINCLAIR INTERNATIONAL.
