

TRIPLE-SHOCK X 22 CALIBER (0.224") BULLETS - TSX 22 CALIBER (0.224") FLAT BASE 53GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

Attributes

- Name: [TSX 22 CALIBER \(0.224"\) FLAT BASE 53GR 50/BOX](#)
- Manufacturer: [BARNES BULLETS](#)

Safety Instruction Guide for TRIPLESHOCK X 22 CALIBER (0.224") BULLETS

Introduction

Thank you for choosing the TRIPLESHOCK X 22 CALIBER (0.224") BULLETS. This guide provides essential safety information to ensure the safe use of this product. Please read this document carefully before using the bullets.

General Safety Guidelines

- Ensure that all users are familiar with firearm safety practices.
- Store bullets in a secure location, away from children and unauthorized users.
- Always handle bullets with care and respect.
- Use only in accordance with local laws and regulations.
- Regularly check for updates on product safety and recalls through official channels.

Specific Safety Precautions for Use

- Do not use these bullets in firearms that are not designed for 22 caliber ammunition.
- Always wear appropriate eye and ear protection while shooting.
- Ensure that the firearm is in good working condition before use.
- Avoid using damaged or corroded bullets.
- Keep the muzzle pointed in a safe direction at all times.
- Do not attempt to modify the bullets in any way.

Instructions for Installation and Usage

- Follow the manufacturer's instructions for loading the bullets into your firearm.
- Ensure that the firearm is unloaded before inserting the bullets.
- Load bullets one at a time, and do not exceed the manufacturer's recommended load for your firearm.
- After loading, check to ensure that the bullets are seated properly in the chamber.
- Use the bullets only for their intended purpose, which is target shooting or hunting.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local hazardous waste regulations.
- Do not throw bullets in regular trash. Instead, contact your local waste management facility for proper disposal methods.
- Ensure that all bullets are stored securely until disposed of to prevent accidental discharge.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's website or contact the relevant authorities in your area.

Conclusion

The TRIPLESHOCK X 22 CALIBER (0.224") BULLETS are designed for high performance and safety. By following the guidelines outlined in this document, you can ensure a safe and enjoyable shooting experience. Always prioritize safety and stay informed about best practices and regulations.
