

COMPETITION BUSHING NECK DIES - COMPETITION BUSHING NECK DIE 7MM-08 REM

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: COMPETITION BUSHING NECK DIE 7MM-08 REM
- Manufacturer: REDDING
- Product no.: 749007426
- Mfr. No.: 56139

Safety Instruction Guide for COMPETITION BUSHING NECK DIE 7MM08 REM

Introduction

Thank you for choosing the COMPETITION BUSHING NECK DIE 7MM08 REM. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die. Please read this document thoroughly before using the product.

General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses when using the die to protect against any potential debris or injury.
- Keep the work area clean and welllit to prevent accidents.
- Store the die in a safe, dry place away from children and pets.
- Do not use the die for any purpose other than its intended use.

Specific Safety Precautions for Use

- Always inspect the die for any damage or wear before use. Do not use a damaged die.
- Ensure that the cartridge case is properly aligned and fully supported in the die before starting the sizing process.
- Avoid applying excessive force during the resizing process to prevent damage to the die or the cartridge case.
- Be aware of your surroundings and ensure that no one is in close proximity while you are using the die.
- If you experience any issues during use, stop immediately and consult the troubleshooting section of your manual or seek professional assistance.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in a compatible reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened and stable to prevent movement during operation.

2. Usage:

- Place the cartridge case into the die, ensuring it is fully seated and aligned.
- Slowly raise the press handle to initiate the sizing process. Monitor the alignment of the cartridge case throughout the process.
- Adjust the micrometer setting as needed to achieve the desired neck length.
- Once the resizing is complete, carefully lower the press handle and remove the cartridge case from the die.
- Inspect the resized case for any defects before further processing.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the die becomes unusable or damaged beyond repair, contact your local waste management authority for proper disposal procedures.
- Do not dispose of the die in regular household waste. Ensure it is recycled or disposed of in an environmentally responsible manner.

Contact Information for Further Support

For any questions or concerns regarding the COMPETITION BUSHING NECK DIE 7MM08 REM, please refer to the manufacturer's contact information provided with your product. It is important to have access to support for any safety inquiries or product issues.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your COMPETITION BUSHING NECK DIE 7MM08 REM. Always prioritize safety and seek assistance if you are unsure about any aspect of the product. Thank you for your attention to these important safety measures.
