

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 300 WIN MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 300 WIN MAG](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007451
- Mfr. No.: 56153

Safety Instruction Guide for Redding Competition Bushing Neck Die 300 Win Mag

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow all instructions carefully to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Always handle the die and reloading equipment with care.
- Ensure all components are clean and free from debris before use.
- Use protective eyewear when operating the die to safeguard against potential hazards.
- Keep the die and all reloading components out of reach of children and vulnerable individuals.
- Store the die in a secure location when not in use.

Specific Safety Precautions for Use

- Ensure the die is compatible with your specific cartridge case (300 Winchester Magnum).
- Do not exceed recommended load specifications when using the die.
- Avoid using the die if it appears damaged or malfunctioning.
- Always follow the manufacturer's instructions for setup and operation.
- Maintain a clean workspace to avoid accidents.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during use.
- Attach the appropriate bushing for the desired neck size.

2. Usage:

- Insert the cartridge case into the die, ensuring it is properly aligned.
- Gradually raise the ram of the reloading press to initiate the sizing process.
- Monitor the alignment of the cartridge case and resizing bushing throughout the process.
- Once sizing is complete, lower the ram and remove the cartridge case.

3. PostUse:

- Clean the die and any components used during the reloading process.
- Store the die in a dry, safe location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or concerns, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die. Always prioritize safety and consult the manufacturer's resources for any additional information or clarification. Thank you for your attention to these important safety measures.
