

COMPETITION BUSHING NECK DIES - COMPETITION BUSHING NECK DIE 7MM REM SAUM

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: COMPETITION BUSHING NECK DIE 7MM REM SAUM
- Manufacturer: REDDING
- Product no.: 749007683
- Mfr. No.: 56280
- Cartridge: 7 mm SAUM (Remington SA Ultra Mag)
- Die Style: Neck Die
- Delivery weight: 0.431kg
- Shipping height: 41mm

Safety Instruction Guide for COMPETITION BUSHING NECK DIE 7MM REM SAUM

Introduction

Thank you for choosing the COMPETITION BUSHING NECK DIE 7MM REM SAUM. This guide provides essential safety instructions to ensure the safe use of this product. Please read this manual thoroughly before use to understand the safety guidelines and precautions.

General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a dry, secure location when not in use to prevent damage or misuse.
- Avoid using the die for any purpose other than what it is designed for.
- Be aware of your surroundings and ensure that no unauthorized individuals are present during the reloading process.

Specific Safety Precautions for Use

- Inspect the die before each use for any signs of damage or wear. Do not use if damaged.
- Ensure that the cartridge case is properly aligned and supported in the die before starting the sizing process.
- Do not exceed the recommended sizing limits; refer to the manufacturer's specifications for guidance.
- Avoid wearing loose clothing or jewelry that could become entangled in the equipment.
- Keep hands and other body parts clear of moving components during operation.
- If you experience any unusual noises or resistance during use, stop immediately and inspect the die for issues.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in a compatible reloading press.
- Ensure that the die is tightened properly to avoid movement during operation.
- Adjust the micrometer to the desired neck length setting before inserting the cartridge case.

2. Usage:

- Insert the cartridge case into the die, ensuring it is fully seated.
- Begin the sizing process by operating the reloading press according to its instructions.
- Monitor the alignment of the cartridge case throughout the process.
- Once the sizing is complete, carefully remove the cartridge case from the die.

3. PostUsage:

- Clean the die after each use to remove any debris or residue.
- Store the die in its original packaging or a protective case to prevent damage.

Disposal Instructions

- Dispose of any damaged or wornout parts in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods for metal products.

Contact Information for Further Support

For any questions or concerns regarding the COMPETITION BUSHING NECK DIE 7MM REM SAUM, please refer to the manufacturer's contact information provided with the product packaging.

Please ensure to follow these guidelines carefully to promote safe and effective use of your reloading die. Your safety is our priority.
