

TRIPLE SHOT X® 416 CALIBER (.416") RIFLE BULLETS - BARNES BULLETS 416 CALIBER (0.416") 300GR FLAT BASE 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

General Safety Guidelines

- Always handle ammunition with care and store it in a secure location away from children and unauthorized users.
- Use only in firearms specifically designed for 416 caliber ammunition.
- Ensure that your firearm is in good working condition and properly maintained.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Be aware of your surroundings and ensure a safe shooting area.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

Specific Safety Precautions for Use

- Do not exceed the recommended load specifications provided by the firearm manufacturer.
- Inspect each bullet for damage before use. Do not use damaged or corroded bullets.
- Avoid using bullets that have been exposed to moisture or extreme temperatures.
- Store ammunition in a cool, dry place to prevent deterioration.
- Keep ammunition in its original packaging until ready for use to avoid confusion with other types of ammunition.
- Do not attempt to modify or alter the bullets in any way.

Instructions for Installation and Usage

1. Check Firearm Compatibility

- Ensure your firearm is chambered for 416 caliber ammunition.
- Consult your firearm's manual for specific loading instructions.

2. Loading the Ammunition

- Open the action of the firearm and ensure it is unloaded.
- Insert the bullet into the chamber according to the manufacturer's instructions.
- Close the action of the firearm securely.

3. Firing the Ammunition

- Ensure you are in a safe shooting position and that the area is clear of people and obstacles.
- Aim at a designated target and pull the trigger smoothly to fire.
- After firing, keep the firearm pointed in a safe direction and wait a few moments before checking the chamber.

4. PostUse Handling

- After use, clean your firearm according to the manufacturer's instructions.
- Store any unused ammunition in a safe, dry place.

Disposal Instructions

- Follow local regulations for the disposal of ammunition.
- If you have any unused or expired ammunition, do not throw it in the regular trash.
- Contact local authorities or a licensed disposal facility for proper disposal methods.
