# MEC Lead Charge Bars for Single Stage Press Safety Instruction Guide

## Introduction

Thank you for choosing the MEC Lead Charge Bar for your single stage reloading press. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the product to understand how to operate it safely and responsibly.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified by the manufacturer.
- Always follow the manufacturer's instructions when using the MEC Lead Charge Bar.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Store the product in a dry and secure location when not in use.
- Report any unsafe product incidents or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves when handling lead materials.
- Ensure your workspace is wellventilated to minimize exposure to lead dust.
- Avoid eating, drinking, or smoking while using the product to prevent ingestion of lead particles.
- Do not modify the charge bar or use it in a manner not recommended by the manufacturer.
- Keep your hands and workspace clean to avoid crosscontamination with lead.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is turned off and unplugged from any power source.
- Locate the mounting area on the press where the charge bar will be installed.
- Securely attach the MEC Lead Charge Bar to the press according to the manufacturer's instructions.
- Doublecheck that all connections are tight and stable before proceeding.

### 2. Usage:

- Measure the desired amount of lead shot according to your reloading specifications.
- Carefully pour the lead shot into the charge bar, ensuring not to overfill.
- Follow the reloading press instructions to dispense the lead shot accurately.
- After use, clean the charge bar to remove any lead residue.

## Disposal Instructions

- Dispose of any lead materials and residues according to local regulations for hazardous waste.
- Do not dispose of lead in regular trash. Contact your local waste management authority for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the MEC Lead Charge Bar, please refer to the manufacturer's contact information provided on the product packaging or the official website.

By following these safety instructions, you can ensure a safe and effective experience with the MEC Lead Charge Bar for your reloading needs. Always prioritize safety and adhere to the guidelines provided. Thank you for your commitment to safe reloading practices.
