# MEC Lead Charge Bar Progressive Press Safety Instruction Guide

## Introduction

Thank you for choosing the MEC Lead Charge Bar Progressive Press. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the charge bar.

## General Safety Guidelines

- Always handle the charge bar and reloading press with care.
- Ensure that the workspace is clean and free from obstructions.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling lead shot and reloading materials.
- Keep the charge bar and all reloading components out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding the use of reloading equipment and materials.
- Regularly inspect the charge bar for damage or wear before each use.

## Specific Safety Precautions for Use

- **Lead Exposure:** Lead shot can pose health risks. Avoid inhaling lead dust and wash hands thoroughly after handling.
- **Fire Safety:** Keep flammable materials away from the reloading area. Do not smoke while reloading.
- **Equipment Stability:** Ensure that the reloading press is securely mounted and stable before use to prevent accidents.
- **Proper Storage:** Store lead shot and reloading components in a cool, dry place, away from direct sunlight.
- **Emergency Procedures:** In case of an accident or injury, seek immediate medical attention and report the incident to the appropriate authorities.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is powered off and unplugged before installation.
- Remove the existing charge bar from the press.
- Align the MEC Lead Charge Bar with the press and securely attach it according to the manufacturer's instructions.
- Ensure all connections are tight and that the charge bar is properly seated.

### 2. Usage:

- Set the desired shot charge by adjusting the charge bar as per the load specifications.
- Fill the charge bar with the appropriate lead shot.
- Operate the reloading press according to the manufacturer's instructions, ensuring all safety precautions are followed.
- Monitor the reloading process for any unusual sounds or movements, and stop immediately if any issues arise.

## **Disposal Instructions**

- Dispose of any unused lead shot and reloading materials in accordance with local regulations.
- Do not dispose of lead shot in regular household waste. Check for local recycling programs or hazardous waste disposal sites.
- Ensure that all packaging materials are disposed of responsibly and in accordance with recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the MEC Lead Charge Bar Progressive Press, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure you have the most current information regarding product safety and usage.

By following these guidelines, you can ensure a safe and effective reloading experience with the MEC Lead Charge Bar Progressive Press. Thank you for prioritizing safety!
