Safety Instruction Guide for AP POWDER THRU EXPANDERS (PTX) 9MM

Introduction

Thank you for choosing the AP POWDER THRU EXPANDERS (PTX) 9MM. This product is designed to enhance your reloading experience with the Hornady LockNLoad Auto Progressive Press (AP). To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

To ensure your safety while using the AP POWDER THRU EXPANDERS, please adhere to the following guidelines:

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading components.
- Keep the work area clean and organized to prevent accidents or injuries.
- Ensure that the product is used only for its intended purpose as specified in this guide.
- Be aware of your surroundings and keep children and pets away from the work area.
- If you notice any damage to the product or if it does not function as intended, discontinue use immediately and refer to the manufacturer.

Specific Safety Precautions for Use

When using the AP POWDER THRU EXPANDERS, please take note of the following specific precautions:

- Ensure that the expander is compatible with your reloading setup before use.
- Check the diameter size of the expander to ensure it matches the specifications of your cartridges.
- Do not exceed the recommended load limits for the expander.
- Avoid using the expander with damaged or defective components.
- Do not attempt to modify or alter the expander in any way.

Instructions for Installation and Usage

Follow these steps for the correct installation and usage of the AP POWDER THRU EXPANDERS:

1. Installation:

- Ensure the Hornady LockNLoad Auto Progressive Press is turned off and unplugged.
- Remove any existing expanders from the press.
- Select the appropriate AP POWDER THRU EXPANDER based on your cartridge specifications.
- Insert the expander into the designated slot on the press and secure it according to the manufacturer's instructions.
- Doublecheck that the expander is firmly in place.

2. Usage:

- Prepare your reloading components, including cases and powder.
- Follow the manufacturer's instructions for setting up your press for reloading.
- Begin the reloading process by cycling the press as instructed.
- Monitor the expander during use to ensure it is functioning correctly.
- If any issues arise, stop the process and troubleshoot before continuing.

Disposal Instructions

When disposing of the AP POWDER THRU EXPANDERS, please follow these guidelines:

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for specific disposal instructions.

Contact Information for Further Support

For any safety inquiries or additional support regarding the AP POWDER THRU EXPANDERS, please refer to the manufacturer's contact information provided on the product packaging or the official website.

By following these safety instructions, you can ensure a safe and effective reloading experience with the AP POWDER THRU EXPANDERS (PTX) 9MM. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these guidelines.
