

# BUSHING NECK DIE SETS - L.E. WILSON 260 REMINGTON BUSHING NECK DIE KIT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

L.E. Wilson's Bushing Neck Die Kit consists of a bushing-style neck resizing die and Wilson's precision stainless steel seater die. Wilson's Stainless Steel Seater Die has a micrometer top that lets you make fine adjustments of seating depth in precise .001" increments. The die holds bullet and case in perfect alignment as the bullet is seated in the case. This is a hand-die designed for use with a mallet or an arbor press. NOT for use on a conventional 7/8 press. Wilson's Bushing Neck Sizer Dies feature interchangeable bushings to size the outside of the case neck to 3/16" from the case mouth. This allows for total control as to the amount of neck sizing each case receives. Simply change the bushing to increase or decrease the neck-tension on the bullet. The L.E. Wilson Bushing Neck Die Kit are Hand-die design for use with a mallet or an arbor press. Not for use on a conventional press. Bushing sold separately, accepts L.E. Wilson, Redding, or Sinclair carbide bushings

# Safety Instruction Guide for BUSHING NECK DIE SETS L.E. WILSON 260 REMINGTON BUSHING NECK DIE KIT

## Introduction

Thank you for choosing the Bushing Neck Die Sets L.E. Wilson 260 Remington Bushing Neck Die Kit. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear.
- If any part of the die set is damaged, do not use it until it has been replaced or repaired.
- Store the product in a dry and safe location when not in use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- This product is designed for use with a mallet or an arbor press. Do not use it with a conventional 7/8 press.
- Always wear appropriate safety gear, such as safety glasses, when using the die set.
- Ensure that the workspace is clean and free from clutter to prevent accidents.
- Use caution when handling sharp tools and components to avoid injury.
- Be aware of the neck tension adjustments, as improper settings can affect bullet seating and safety.
- Only use L.E. Wilson, Redding, or Sinclair carbide bushings as specified.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure that the workspace is clean and welllit.
- Gather all necessary tools and components, including the bushing neck die set and compatible bushings.

### 2. Installation:

- Attach the bushingstyle neck resizing die to the arbor press or secure it in a suitable manner for use with a mallet.
- Select the appropriate bushing size based on your specific needs for neck tension.
- Insert the bushing into the die, ensuring it is seated properly.

### 3. Usage:

- Place the case in the die and align it correctly.
- Use the mallet or arbor press to apply even pressure to resize the neck of the case.
- For bullet seating, place the bullet in the case and adjust the micrometer top of the seater die to the desired depth.
- Make adjustments in .001" increments for precise control.

#### **4. PostUse:**

- After use, clean the die set to remove any debris or residue.
- Store the die set and bushings in a safe location to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Bushing Neck Die Sets L.E. Wilson 260 Remington Bushing Neck Die Kit, please reach out to your local distributor or manufacturer.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities.
