

UNTURNE 35 CALIBER BARRELS - SHILEN 35 CALIBER 1-14" TWIST UNTURNE BLANK CHROME MOLY BBL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Blanks](#)

All the loving care of the best stock maker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell's Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plan under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003" No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

Attributes

- Name: [SHILEN 35 CALIBER 1-14" TWIST UNTURNE BLANK CHROME MOLY BBL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787358120
- Mfr. No.: 35814BLANKCM
- Caliber: 35 Caliber (.358)
- Contour: Blank
- Material: Chrome Moly Steel
- Style: Unturned
- Twist: 1-14
- Delivery weight: 4.014kg
- Shipping height: 32mm
- Shipping width: 32mm
- Shipping length: 711mm
- UPC: 35814BLANKCM

Item details

Safety Instruction Guide for UNTURNED 35 CALIBER BARRELS SHILEN 35 CALIBER 114" TWIST UNTURNED BLANK CHROME MOLY BBL

Introduction

Thank you for choosing the UNTURNED 35 CALIBER BARRELS SHILEN 35 CALIBER 114" TWIST UNTURNED BLANK CHROME MOLY BBL. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of this product. Please read this manual carefully before using the barrel and keep it for future reference.

General Safety Guidelines

- Ensure that the barrel is used only in accordance with the manufacturer's specifications.
- Always handle the barrel with care to avoid damage and ensure optimal performance.
- Store the barrel in a secure, dry location away from children and pets.
- Regularly inspect the barrel for signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities immediately.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when handling or installing the barrel, including safety glasses and gloves.
- Ensure that the firearm is unloaded before installing or replacing the barrel.
- Follow all local laws and regulations regarding firearm modifications and the use of custom barrels.
- Avoid using the barrel with ammunition that exceeds the specified caliber and pressure limits.
- Do not attempt to modify or alter the barrel in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and free from distractions.
- Gather all necessary tools and equipment for installation.

2. Installation:

- Ensure the firearm is completely unloaded and the safety is engaged.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Inspect the new barrel for any visible defects before installation.
- Align the new barrel with the receiver and carefully secure it in place, following the manufacturer's torque specifications.
- Doublecheck that all components are properly fitted and tightened.

3. Usage:

- Conduct a function check to ensure the firearm operates correctly with the new barrel.
- Test fire the firearm in a safe and controlled environment, following standard shooting safety protocols.
- Monitor the firearm's performance and inspect the barrel after use for any signs of wear or damage.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the barrel becomes damaged beyond repair, contact a qualified gunsmith for safe disposal options.
- Do not dispose of the barrel in regular household waste; ensure it is handled according to local laws regarding firearm components.

Contact Information for Further Support

For any safety inquiries or concerns regarding the UNTURNED 35 CALIBER BARRELS SHILEN 35 CALIBER 114" TWIST UNTURNED BLANK CHROME MOLY BBL, please refer to the manufacturer's contact information provided with your product packaging or visit their official website for more resources.

This safety instruction guide is designed to comply with the EU General Product Safety Regulation (GPSR) and ensures that you are informed about the safe use of your product. Please adhere to all guidelines to maintain safety and performance.
