

CONTOUR #2 - SHILEN 7MM 1-9 TWIST #2 STAINLESS BARREL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Blanks](#)

Contour #2 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003". No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

Attributes

- Name: [SHILEN 7MM 1-9 TWIST #2 STAINLESS BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787928092
- Mfr. No.: 7MM92SS
- Caliber: 284/7 mm (.284)
- Contour: #2
- Material: Stainless Steel
- Style: Match-Grade
- Twist: 1-9
- Delivery weight: 1.361kg
- Shipping height: 28mm
- Shipping width: 28mm
- Shipping length: 660mm

Safety Instruction Guide for CONTOUR #2 SHILEN 7MM 19 TWIST #2 STAINLESS BARREL

Introduction

Thank you for choosing the CONTOUR #2 SHILEN 7MM 19 TWIST #2 STAINLESS BARREL. This guide provides important safety instructions and guidelines for the proper use, installation, and disposal of the barrel. It is essential to follow these instructions to ensure safe handling and operation.

General Safety Guidelines

- Ensure that all users are familiar with firearm safety practices.
- Always treat the barrel as if it is loaded, even if it is not.
- Store the barrel in a secure location, away from children and unauthorized users.
- Inspect the barrel regularly for any signs of damage or wear.
- Do not use the barrel if it appears damaged or defective.
- Follow all local laws and regulations regarding firearm components.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling or using firearms.
- Ensure that the barrel is compatible with your firearm before installation.
- Do not exceed the recommended caliber specifications for the barrel.
- Avoid using ammunition that is not suited for the specific barrel type.
- Keep the workspace clean and free from obstructions during installation and usage.
- Do not modify the barrel in any way that could compromise its integrity or safety.

Instructions for Installation and Usage

Installation

1. **Read the Manufacturer's Instructions:** Before installation, familiarize yourself with the manufacturer's instructions and recommendations.
2. **Gather Required Tools:** Ensure you have all necessary tools for installation, including wrenches and screwdrivers.
3. **Ensure Compatibility:** Check that the barrel is suitable for your firearm model.
4. **Secure the Firearm:** Make sure the firearm is unloaded and secured before beginning installation.
5. **Install the Barrel:**
 - Carefully remove the old barrel if applicable.
 - Align the new barrel with the receiver.
 - Tighten the barrel to the manufacturer's specifications using the appropriate tools.
6. **Check for Proper Fit:** Ensure the barrel is properly seated and secure before use.

Usage

1. **PreUse Inspection:**
 - Inspect the barrel for any visible defects or obstructions.
 - Ensure that all components are clean and properly assembled.
2. **Loading:**
 - Use only the recommended ammunition for the barrel.
 - Load the firearm according to the manufacturer's instructions.
3. **Firing:**
 - Always maintain a safe shooting stance and ensure that the area is clear.
 - Follow all standard firearm safety rules while firing.

4. PostUse Care:

- Clean the barrel after each use to maintain performance and longevity.
- Store the barrel in a safe and secure location.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations.
- Do not dispose of the barrel in regular household waste.
- If the barrel is damaged or no longer usable, contact a licensed firearms dealer for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the CONTOUR #2 SHILEN 7MM 19 TWIST #2 STAINLESS BARREL, please consult the manufacturer or your local firearms dealer for assistance.

By adhering to these safety guidelines and instructions, you will help ensure a safe and enjoyable experience with your CONTOUR #2 SHILEN 7MM 19 TWIST #2 STAINLESS BARREL. Always prioritize safety and responsible handling of firearms.
