Safety Instruction Guide for GUNSMITH HAMMER HEADS & HANDLES

Introduction

Thank you for choosing the Brownell's, Inc. GUNSMITH HAMMER HEADS & HANDLES. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before use to avoid any potential hazards.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the hammer heads and handles for any signs of damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when using the hammer heads.
- Do not use the hammer heads on materials that are not intended for their use, as this may cause damage or injury.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury from improper use or handling.
 - Potential for tool damage if used on inappropriate materials.
- **Avoiding Hazards:**
 - Always ensure a secure grip on the handle while using the hammer heads.
 - Do not apply excessive force that may lead to breakage or splintering of the hammer heads or handles.
 - Avoid using the hammer heads in wet or slippery conditions to prevent loss of control.
 - Ensure that the work area is clear of obstacles and distractions to maintain focus.
- **Age Specific Warnings:**
 - This product is not intended for use by individuals under the age of 18 without adult supervision.
 - Ensure that children are educated about the risks associated with tool use and are supervised at all times.

Instructions for Installation and Usage

- **Installation:**
 - Select the appropriate hammer head for your specific task.
 - Ensure that the hammer head is securely attached to the handle before use. Check for proper alignment and tightness.
- **Usage:**
 - Hold the handle firmly with both hands for maximum control.
 - Position the hammer head directly over the intended impact area.

- Strike with controlled force, ensuring that the tool is perpendicular to the surface being worked on.
- If the hammer head becomes loose during use, stop immediately and reattach it securely before continuing.

Disposal Instructions

- Dispose of the hammer heads and handles in accordance with local waste management regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

Contact Information for Further Support

For any safety inquiries or additional support regarding the GUNSMITH HAMMER HEADS & HANDLES, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Brownell's, Inc. GUNSMITH HAMMER HEADS & HANDLES. Thank you for your attention to safety!
