Safety Instruction Guide for the Starrett 120 Series Dial Caliper

Introduction

Thank you for choosing the Starrett 120 Series Dial Caliper. This product is designed for precision measuring and is suitable for use by mechanics, toolmakers, and hobbyists. To ensure safe and effective use, please read this safety instruction guide carefully before using the caliper.

General Safety Guidelines

- Always handle the caliper with care to avoid damaging the measuring surfaces.
- Keep the caliper clean and free from dust, dirt, and moisture to maintain accuracy.
- Store the caliper in its padded plastic case when not in use to protect it from physical damage.
- Ensure that the caliper is used in a welllit environment to avoid misreading measurements.
- Do not use the caliper for measuring food or any other items not intended for this tool.
- Always follow the manufacturer's instructions for proper use and maintenance.

Specific Safety Precautions for Use

- **Avoid Sharp Edges:** The knifeedge contacts can be sharp. Handle with care to prevent cuts or injuries.
- **OneHanded Operation:** Use the thumboperated fine adjustment roll for onehanded operation to maintain control while measuring.
- **Check for Damage:** Inspect the caliper before each use for any signs of damage or wear. Do not use if damaged.
- **Temperature Considerations:** Avoid using the caliper in extreme temperatures, as this may affect the accuracy of the measurements.
- **Keep Away from Children:** This tool is not a toy and should be kept out of reach of children and vulnerable individuals.

Instructions for Installation and Usage

1. **Preparation:** Ensure that the caliper is clean and free from any obstructions.
2. **Setting the Caliper:**
 - Open the caliper by gently pulling the jaws apart.
 - To set the caliper to zero, close the jaws completely and adjust the dial to the zero mark.
3. **Taking Measurements:**
 - Place the object to be measured between the jaws of the caliper.
 - Gently close the jaws until they make contact with the object.
 - Read the measurement on the dial. The graduations are marked in .001" increments.
4. **Recording Measurements:** Write down your measurements immediately to avoid errors.
5. **Cleaning After Use:** Wipe the caliper with a soft, dry cloth after use to remove any dirt or moisture.

Disposal Instructions

- Dispose of the caliper responsibly in accordance with local regulations.
- Do not dispose of the caliper in regular household waste if it is damaged or contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Starrett 120 Series Dial Caliper, please refer to the manufacturer's customer support resources.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your Starrett 120 Series Dial Caliper. Always prioritize safety and refer to this guide whenever you need to refresh your knowledge about proper handling and usage. Thank you for choosing Starrett, and happy measuring!
