Safety Instruction Guide for 20 Gauge Shotshell Wads Claybuster 20 Gauge 3/4oz Wads

Introduction

Thank you for choosing the Claybuster 20 Gauge 3/4oz Wads. This product is designed for use in skeet, sporting clays, and hunting loads. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that you are familiar with the local regulations regarding the use of ammunition components.
- Always handle wads and ammunition with care to prevent accidents.
- Store wads in a cool, dry place away from direct sunlight and moisture.
- Keep wads out of reach of children and unauthorized users.
- Regularly check for updates regarding product recalls or safety notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only in compatible hulls designed for 20 gauge ammunition.
- Ensure that the load does not exceed the recommended specifications for your specific firearm.
- Wear appropriate eye and ear protection when loading and firing.
- Never mix different brands or types of wads or powders.
- Always follow the manufacturer's loading data and guidelines for optimal performance and safety.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including your wads, hulls, powder, and primers.
- Ensure your workspace is clean and free of obstructions.

2. Loading the Wads:

- Insert the Claybuster 20 Gauge wads into the hulls carefully to avoid damage.
- Ensure that the wads are seated properly to prevent any leakage of powder.
- Follow the specific loading data provided by the powder manufacturer for the best results.

3. Firing:

- Always check your firearm for proper functioning before use.
- Load the ammunition into the firearm only when you are ready to shoot.
- Follow all safety protocols for handling and firing your shotgun.

4. PostUse:

- After use, ensure that all spent wads and hulls are collected and disposed of properly.
- Clean your firearm according to the manufacturer's instructions to maintain performance and safety.

Disposal Instructions

- Dispose of used wads and hulls in accordance with local regulations.
- Do not dispose of wads in open fires or incinerators.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the designated EUbased contact point or your local authorities. Always ensure you are using the most current information available regarding product safety and recalls.

By adhering to these guidelines, you can ensure a safe and enjoyable experience with your Claybuster 20 Gauge 3/4oz Wads. Thank you for prioritizing safety in your shooting activities.
