WAA20 20 Gauge Shotshell Wads Safety Instructions

Introduction

Thank you for choosing the WAA20 20 Gauge Shotshell Wads by Claybuster. These wads are designed for use in 7/8 oz skeet, sporting clays, or hunting loads. It is important to read and understand these safety instructions to ensure the safe and effective use of the product.

General Safety Guidelines

- Always handle ammunition and reloading components with care.
- Store wads and all ammunition components in a cool, dry place away from direct sunlight.
- Keep wads out of reach of children and unauthorized users.
- Follow local laws and regulations regarding the use of ammunition and reloading components.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly check for product recalls or safety alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that your firearm is compatible with 20 gauge wads before use.
- Inspect wads for any damage or defects before loading.
- Use the recommended powder volume for optimal performance and safety.
- Always wear appropriate eye and ear protection when shooting.
- Do not exceed the maximum load recommendations for your specific firearm.
- Avoid using wads that are not designed for your specific reloading setup.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including wads, hulls, powder, and shot.
- Ensure you are in a wellventilated area free from distractions.

2. Loading Wads:

- Insert the Claybuster WAA20 wad into the hull.
- Make sure the wad is seated properly and securely.

3. Adding Powder and Shot:

- Measure the appropriate amount of powder and pour it into the hull.
- Add the correct amount of shot on top of the wad.

4. Crimping:

- Crimp the hull securely to ensure that the wad and shot remain in place during firing.

5. Storage:

- Store loaded ammunition in a safe, dry location until ready for use.
- Label your ammunition clearly to avoid confusion.

Disposal Instructions

- Dispose of any unused or damaged wads in accordance with local waste disposal regulations.
- Do not burn wads or ammunition components, as they can pose a fire hazard.
- If you have any questions about disposal, consult with local authorities or waste management services.

Contact Information for Further Support

For additional safety inquiries or support regarding the WAA20 20 Gauge Shotshell Wads, please refer to the product packaging for contact information. It is important to reach out to a knowledgeable representative for any concerns or questions about the product.

By following these safety instructions, you can ensure a safe and enjoyable experience while using the WAA20 20 Gauge Shotshell Wads. Always prioritize safety and be aware of your responsibilities as a user of ammunition and reloading components.
