

# Tikka T3X TAC A1 Bipod - BLK LBL BIPOD Tikka T3X TAC A1 - Bipod - 14"

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER

*Balanced. Integrated. Accurate.*

The *BLK LBL Bipod's* innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

NO IMAGE  
AVAILABLE

BLK LBL was borne out of the question:

Why is something as practical as a bipod still an impractical attachment?

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

A Passion for Precision

With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance.

Competitive & Sport Shooters

The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand.

Outdoorsmen & Hunters:

The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills.

Law Enforcement & Armed Forces:

Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance.

Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation.

Manufactured specifically for integration with AR-10 rifles, this exclusive BLK LBL bipod is crafted from durable anodized aluminum and stainless steel and features our revolutionary barrel-through design, swiveling ball-and-socket joint and extendable, rear-folding integrated legs.

A replacement barrel nut is included and mounts to any mil-spec upper receiver using a standard armourers wrench.

Requires the rifle to have a low profile gas block.

# BLK LBL BIPOD Safety Instruction Guide

## Introduction

Thank you for choosing the BLK LBL Bipod designed specifically for the Tikka T3X TAC A1 rifle. This guide provides essential safety instructions to ensure safe and effective use of the bipod. Please read and follow these guidelines carefully to maximize your safety and the performance of your product.

## General Safety Guidelines

- Ensure that the bipod is used only with compatible firearms as specified in the product description.
- Always check for any visible damage or wear on the bipod before use. Do not use if damaged.
- Use the bipod in a safe environment, free from obstructions and hazards.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Keep the bipod and all related equipment out of reach of children and unauthorized users.
- Regularly inspect the bipod and its components for any signs of wear or malfunction.
- Be aware of your surroundings when using the bipod, especially in outdoor settings.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before attaching or detaching the bipod.
- Always deploy the bipod legs fully and lock them in place before use.
- Avoid placing excessive weight on the bipod when in use to prevent tipping or instability.
- Do not use the bipod on uneven or unstable surfaces.
- While using the bipod, maintain a firm grip on the rifle and be prepared for any recoil.
- Do not attempt to adjust the bipod while aiming or firing.
- If the bipod becomes stuck or difficult to adjust, do not force it. Check for obstructions or consult the manufacturer.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Remove the existing barrel nut from the rifle using a standard armorer's wrench.
- Install the replacement barrel nut included with the bipod package onto the rifle.
- Securely attach the BLK LBL Bipod to the rifle, ensuring it is properly aligned and locked in place.
- Check that the bipod is securely attached before proceeding to use.

### 2. Usage:

- Deploy the bipod by unfolding the legs to the desired length.
- Adjust the angle of the bipod using the ballandsocket joint for optimal positioning.
- Ensure the rifle is seated securely in the bipod's barrelthrough design.
- Level the rifle using the pan and cant adjustments available on the bipod.
- When finished, fold the bipod legs back to the rear for easy transport and storage.

## Disposal Instructions

- Dispose of the BLK LBL Bipod and its components in accordance with local regulations for electronic and metal waste.
- Do not dispose of the bipod in regular household waste.
- If you are unsure about the disposal methods, consult your local waste management authority.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the BLK LBL Bipod, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

## **Conclusion**

Your safety and satisfaction are our top priorities. By following these safety instructions, you can ensure a safe and enjoyable experience while using the BLK LBL Bipod. Always prioritize safety and responsible handling of firearms. Thank you for choosing BLK LBL.
