

Tikka T3X TAC A1 Bipod - BLK LBL BIPOD Tikka T3X TAC A1 - Bipod - 16"

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER

Balanced. Integrated. Accurate.

The *BLK LBL Bipod's* innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

BLK LBL was borne out of the question:

Why is something as practical as a bipod still an impractical attachment?

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

A Passion for Precision

With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance.

Competitive & Sport Shooters

The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand.

Outdoorsmen & Hunters:

The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills.

Law Enforcement & Armed Forces:

Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance.

Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation.

Manufactured specifically for integration with AR-10 rifles, this exclusive BLK LBL bipod is crafted from durable anodized aluminum and stainless steel and features our revolutionary barrel-through design, swiveling ball-and-socket joint and extendable, rear-folding integrated legs.

A replacement barrel nut is included and mounts to any mil-spec upper receiver using a standard armourers wrench.

Requires the rifle to have a low profile gas block.

BLK LBL BIPOD Safety Instruction Guide

Introduction

Thank you for choosing the BLK LBL BIPOD designed specifically for Tikka T3X TAC A1 rifles. This guide provides essential safety instructions to ensure the safe and effective use of your bipod. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the bipod is installed correctly to prevent accidents during use.
- Always handle firearms and accessories with care and respect.
- Regularly inspect the bipod for any signs of damage or wear.
- Keep the bipod and all firearm accessories out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Stability:** Ensure the bipod is properly deployed and stable before taking a shot. An unstable bipod can lead to inaccurate shooting and potential accidents.
- **Clothing and Gear:** Be mindful of your clothing and gear when moving with the bipod. The legs should be folded back to prevent snagging on clothing or obstacles.
- **Shooting Position:** Always use the bipod from a stable position, whether on a barricade or the ground, to ensure maximum control.
- **Environmental Awareness:** Be aware of your surroundings when using the bipod outdoors. Avoid areas with heavy brush or branches that may interfere with the bipod's legs.
- **Firearm Safety:** Always follow firearm safety rules, including keeping the muzzle pointed in a safe direction and keeping your finger off the trigger until ready to shoot.

Instructions for Installation and Usage

Installation

1. **Prepare the Rifle:** Ensure the Tikka T3X TAC A1 rifle is unloaded and pointed in a safe direction.
2. **Remove Existing Hardware:** If applicable, remove any existing bipod or accessories from the rifle's mounting area.
3. **Attach the Bipod:**
 - Use the provided replacement barrel nut and mount it to the rifle's milspec upper receiver using a standard armorer's wrench.
 - Ensure the bipod is securely attached and does not wobble.
4. **Check Compatibility:** Confirm that the rifle has a low profile gas block for proper installation.

Usage

1. **Deploying the Bipod:**
 - To deploy, pull the legs of the bipod downwards until they lock into place.
 - Adjust the legs to achieve the desired height and ensure stability.
2. **Adjusting for Stability:**
 - Utilize the swiveling ballandsocket joint for fluid movement.
 - Adjust the pan (40 degrees) and cant (15 degrees) to level your scope without adjusting leg length.
3. **Folding the Bipod:**
 - When not in use, fold the legs back to the rear until they are flush with the hand guard for easy transport and storage.

Disposal Instructions

- Dispose of the BLK LBL BIPOD in accordance with local regulations for electronic and metal waste.
- Do not dispose of the bipod in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries related to safety or product support, please refer to the EU contact point for consumer safety inquiries.

Thank you for your attention to these safety instructions. Enjoy the improved performance and stability that the BLK LBL BIPOD brings to your shooting experience.
