

CLEANING ROD POWER-LINE PROFI, STAINLESS STEEL (EXTERNAL THREAD 1/8") - FOR CAL. .22-6.5MM - Cleaning Rod, 992mm - Power-Line Profi, Stainless Steel (external thread 1/8") - for Cal. .22-6.5mm

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod. The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

CLEANING ROD POWERLINE PROFI Safety Instruction Guide

Introduction

Thank you for choosing the CLEANING ROD POWERLINE PROFI, STAINLESS STEEL (EXTERNAL THREAD 1/8") FOR CAL. .22-6.5MM. This guide provides essential safety instructions and best practices for the safe use and maintenance of the cleaning rod. Please read this manual carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always inspect the cleaning rod before use for any signs of damage or wear.
- Use the cleaning rod only for its intended purpose: cleaning firearms with calibers ranging from .22 to 6.5mm.
- Keep the cleaning rod and its components out of reach of children and vulnerable individuals.
- Always handle firearms with care and follow the manufacturer's safety instructions.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before using the cleaning rod.
- Avoid using excessive force when cleaning to prevent damage to the firearm or the cleaning rod.
- Do not use the cleaning rod in wet or damp conditions to prevent corrosion.
- Store the cleaning rod in a dry place when not in use to maintain its quality and performance.
- Always use the appropriate adapter for your cleaning rod to ensure a secure fit.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies and the cleaning rod.

2. Attaching the Adapter:

- Take the appropriate adapter (M5 external and 1/8" internal thread).
- Screw the adapter securely onto the cleaning rod.

3. Using the Cleaning Rod:

- Attach the VFG barrel cleaner to the adapter.
- Insert the cleaning rod into the barrel of the firearm gently.
- Move the cleaning rod back and forth smoothly to clean the barrel without excessive force.

4. PostCleaning:

- Remove the cleaning rod and adapter from the firearm.
- Inspect the cleaning rod for any signs of wear or damage after use.
- Clean any residue from the cleaning rod and store it properly.

Disposal Instructions

- Dispose of the cleaning rod and any damaged components in accordance with local regulations.
- Do not dispose of the cleaning rod in regular household waste if it is damaged or worn.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the CLEANING ROD POWERLINE PROFI, please refer to the product packaging or the manufacturer's website for contact information and additional support resources.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your CLEANING ROD POWERLINE PROFI. Thank you for prioritizing safety and responsible usage.
