

Tru Dot FIXED PISTOL SET SIG - Tru Dot FIXED PISTOL SET SIG 40/45ACP G/O

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

Tru Dot FIXED PISTOL SET SIG Safety Instruction Guide

Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET SIG. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your night sights. Please read this document carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the Tru Dot FIXED PISTOL SET.
- Always treat your firearm as if it is loaded, even when you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm and night sights in a secure location, out of reach of children and unauthorized users.
- Use the night sights only in accordance with the manufacturer's instructions and applicable laws.
- Regularly check the condition of the night sights and firearm to ensure they are functioning properly.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the Tru Dot FIXED PISTOL SET only with compatible Sig Sauer firearms.
- Do not modify or alter the night sights in any way.
- Ensure that the firearm is unloaded before installation of the night sights.
- Avoid using the night sights in extreme environmental conditions that may affect their performance.
- Be aware of your surroundings and ensure a clear line of sight when aiming and shooting.
- Always wear appropriate eye and ear protection when using your firearm.

Instructions for Installation and Usage

Installation

1. **Tools Required:** Ensure you have the necessary tools for installation, such as a screwdriver and a sight pusher if needed.
2. **Unloading the Firearm:** Ensure the firearm is completely unloaded. Remove the magazine and check the chamber.
3. **Removing Existing Sights:** If replacing existing sights, carefully remove them according to the firearm's manual.
4. **Mounting the Tru Dot Sights:**
 - Align the rear sight with the notch on the slide.
 - Securely attach the rear sight using the appropriate screws.
 - Align the front sight with the slide, ensuring it is centered.
 - Secure the front sight using the appropriate screws.
5. **Final Check:** Ensure both sights are firmly attached and aligned correctly.

Usage

- **Aiming:** Use the three solid dots for aiming reference. The dot configuration provides a clear sight picture in both day and night conditions.
- **Transitioning Between Day and Night:** The Tru Dot sights are designed for seamless transition between light conditions. No adjustment is necessary when moving from day to night usage.
- **Regular Maintenance:** Periodically check the sights for any signs of wear or damage. Clean them according to the manufacturer's guidelines to maintain visibility and functionality.

Disposal Instructions

- Dispose of the Tru Dot FIXED PISTOL SET in accordance with local regulations for hazardous materials.
- Do not dispose of the product in standard household waste.
- Contact local waste management authorities for guidance on safe disposal.

Contact Information for Further Support
