[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

# Tru Dot FIXED PISTOL SET SIG Safety Instruction Guide

## Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET SIG. This product is designed to enhance your shooting accuracy and performance under various lighting conditions. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- **Product Safety:** This product meets the safety requirements set by the EU General Product Safety Regulation (GPSR). It is essential to follow all instructions to avoid risks associated with improper use.
- **Enhanced Recalls:** In the event of a safety issue, standardized recall notices will be issued. Ensure you stay updated on any recall notifications pertaining to this product.
- **Online Shopping Safety:** When purchasing online, ensure you buy from reputable sources that comply with safety regulations.
- **Focus on Vulnerable Groups:** Extra care should be taken when this product is used around vulnerable individuals, including children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Do not modify** the Tru Dot sights beyond the specified installation instructions to ensure safety and functionality.
- **Keep out of reach of children.** This product is not a toy and should be handled by responsible adults only.
- **Inspect the product** before each use to ensure there are no damages or defects that could affect performance.
- **Use only as intended.** The Tru Dot sights are designed specifically for handguns and should not be used on other types of firearms.
- **Avoid exposure to extreme temperatures.** High heat can affect the integrity of the tritium used in the sights.
- **Wear appropriate eye protection** when handling firearms equipped with this sighting system.

## Instructions for Installation and Usage

### Installation Instructions

1. **Prepare your firearm:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove existing sights:** Carefully remove the standard front and rear sights from your handgun according to the manufacturer's instructions.
3. **Install Tru Dot sights:**
  - Align the front sight with the mounting slot and press it into place.
  - Repeat the process for the rear sight, ensuring it is correctly positioned.
4. **Secure the sights:** Use the appropriate tools to tighten and secure the sights in place, ensuring they do not move during use.
5. **Check alignment:** Once installed, check the alignment of the sights to ensure they are straight and level.

## Usage Instructions

- **Aiming:** Use the three solid dots for aiming. The rear sight will have tritium dots in various colors (Green, Yellow, Orange), while the front sight will have a green tritium dot.
- **Day and Night Use:** The Tru Dot sights are designed for both day and night use. Familiarize yourself with aiming in different lighting conditions.
- **Practice:** Regular practice is essential for becoming proficient with the Tru Dot sights. Consider using them in various environments to enhance your skills.

## Disposal Instructions

- **Responsible Disposal:** Do not dispose of the Tru Dot sights in regular household waste. Follow local regulations for the disposal of electronic and hazardous materials.
- **Contact Local Authorities:** If you are unsure about how to dispose of this product, contact your local waste management authorities for guidance.

## Contact Information for Further Support
