[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

MEPROLIGHT® combat-proven self-illuminated night sights enable you to upgrade your capabilities to hit stationary or moving targets under low-light conditions with dramatically increased hit probability. Test results by marksmen and journeymen level shooters have shown an increase of over 85% in hit efficiency, using Meprolight® self-illuminated day/night sights. TRU-DOT® models offer a handgun sighting system for improved rapid instinctive aiming which requires no transition from day to night use. Day and night, the shooter's aiming reference is three solid dots, identical in appearance and location under all light conditions. Designed as replacement parts for the standard weapon sights, Meprolight's Self-Illuminated night sights can be mounted directly with minor modifications. Superior production methods and rigid quality control have made Meprolight® the first choice among law enforcement agencies, defense decision-makers, and major weapon manufacturers. A full quality program, certified to ISO-9001:2008 and complying with NATO and US Military Specifications is in place. All products and processes at Meprolight® are performed, controlled, and monitored to these demanding quality levels. Meprolight® leads the world in OEM and after-market self-illuminated sights for handguns. Designed to replace the existing front and rear sights, the highly visible Tru-Dot® sights are perfect for daylight, low-light, and nighttime conditions. Meprolight® is Responding to users needs, our TRU-DOT® models are available in various tritium dots color on the rear sight : Green, Yellow, Orange (Yellow or Orange for selected models only) and green tritium dot on the front sight .

# Tru Dot FIXED PISTOL SET RUGER P345 G/G

## Safety Instruction Guide

### Introduction

Thank you for choosing the Tru Dot FIXED PISTOL SET for your Ruger P345. This product is designed to enhance your shooting experience with improved visibility and accuracy in various lighting conditions. It is important to follow the safety guidelines and instructions provided in this guide to ensure safe and effective use.

### General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and the installation of the Tru Dot sights.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Store your firearm and sights in a secure location, out of reach of children and unauthorized users.
- Use appropriate eye and ear protection when handling or shooting your firearm.
- Regularly inspect your Tru Dot sights for any signs of damage or wear.
- If you experience any issues with the sights, discontinue use and seek assistance from a qualified professional.

### Specific Safety Precautions for Use

- **Installation:** Ensure that the sights are installed correctly by following the installation instructions. Improper installation may affect performance and safety.
- **Adjustment:** After installation, make necessary adjustments to ensure proper alignment with your firearm. Test the sights in a safe environment before relying on them in critical situations.
- **Tritium Dots:** The Tru Dot sights contain tritium, a radioactive material that is safe under normal conditions. Do not attempt to disassemble the sights or expose them to extreme conditions.
- **Cleaning:** Clean the sights with a soft cloth. Avoid using harsh chemicals or abrasive materials that may damage the sight's surface.
- **Use in LowLight Conditions:** The Tru Dot sights are designed for use in lowlight conditions. However, always ensure that you are aware of your surroundings and identify your target clearly.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Remove the existing front and rear sights from the firearm.
- Align the Tru Dot sights with the mounting points on the firearm.
- Securely attach the sights using the provided screws, making sure they are tightened to the manufacturer's specifications.
- Check for proper alignment and make any necessary adjustments.

#### 2. Usage:

- Position your firearm securely when aiming at a target.
- Utilize the three solid dots on the Tru Dot sights for aiming, ensuring that they are aligned with your target.
- Practice shooting in both daylight and lowlight conditions to become familiar with the sighting system.
- Regularly check the sight's alignment and functionality before use.

## **Disposal Instructions**

- Dispose of the Tru Dot sights in accordance with local regulations regarding electronic and hazardous waste.
- If the sights are damaged or no longer functional, contact a qualified professional for safe disposal options.
- Do not throw away the sights in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the Tru Dot FIXED PISTOL SET, please refer to the manufacturer's contact information provided with your product. It is important to reach out for assistance if you encounter any issues or need further clarification on the safety and usage of the product.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your Tru Dot FIXED PISTOL SET for Ruger P345. Remember to always prioritize safety when handling firearms and accessories. Thank you for your attention to these important safety measures.
