

# 3-18x42 Meta - 3-18x42 Meta LMZ LP7 2.FP 1cm cw Posicon CT / Posicon CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-18x42 Meta combines exceptional optical clarity with powerful performance, delivering a premium shooting experience for both hunters and precision marksmen. Its wide field of view, paired with the LP7 reticle featuring an illuminated red dot, provides superior situational awareness and lightning-fast target acquisition.

Unmatched precision is achieved through patented Zero Deviation Technology, a parallax adjustment starting from 20 m, and a generous internal adjustment range, ensuring consistent accuracy even at long distances.

For enhanced mounting flexibility, the 3-18x42 Meta features the innovative “LPI” system – an illumination control integrated into the parallax adjustment turret. This smart design improves ergonomics and handling, offering smooth operation for both right- and left-handed shooters.

The slim, streamlined construction of the scope makes it perfectly compatible with clip-on devices, while the reinforced ocular ring allows secure attachment of dust covers or add-on optics.

With its blend of cutting-edge technology, robust build quality, and refined usability, the 3-18x42 Meta stands as a true symbol of precision engineering – designed to deliver reliability, adaptability, and clarity in every shooting scenario.

# Safety Instruction Guide for 3-18x42 Meta Rifle Scope

## Introduction

Thank you for choosing the 3-18x42 Meta Rifle Scope. This guide provides essential safety instructions to ensure the safe and effective use of your rifle scope. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always handle the rifle scope with care to prevent damage.
- Ensure that the rifle scope is mounted securely to your firearm before use.
- Keep the rifle scope out of reach of children and unauthorized users.
- Inspect the rifle scope regularly for any signs of damage or wear.
- Use the rifle scope only for its intended purpose as described in this guide.

## Specific Safety Precautions for Use

- Avoid looking directly at the sun or other bright light sources through the scope, as this can cause permanent eye damage.
- Do not modify the rifle scope or its components in any way.
- Ensure that the area around you is clear of obstructions and bystanders when using the rifle scope.
- Always use appropriate eye protection when shooting.
- Be aware of your surroundings and ensure that you have a clear line of sight before taking a shot.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded before beginning the installation process.
- Use the provided mounting rings to attach the rifle scope to your firearm's rail.
- Tighten the mounting screws securely but do not overtighten.
- Adjust the scope's position for optimal eye relief and comfort.

### 2. Usage:

- Adjust the parallax setting to match your shooting distance, starting from 20 meters.
- Use the LP7 reticle for improved target acquisition, ensuring the illuminated red dot is visible.
- Make any necessary adjustments to windage and elevation using the adjustment turrets.
- Always confirm that the scope is functioning correctly before a shooting session.

## Disposal Instructions

- Dispose of the rifle scope and its components in accordance with local regulations.
- Do not dispose of the rifle scope in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the 3-18x42 Meta Rifle Scope, please refer to the manufacturer's contact information provided in the product packaging or documentation.

## **Conclusion**

By following these safety instructions, you will ensure a safe and enjoyable experience with your 3-18x42 Meta Rifle Scope. Always prioritize safety and responsibility when handling firearms and related equipment. Thank you for your attention to these important guidelines.
