

2,5-10x56 Zenith - 2.5-10x56 Zenith LM FD7 1cm cw Posicon CT / Posicon CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 2.5-10x56 Zenith from Schmidt & Bender is a premium hunting riflescope engineered for exceptional low-light performance and versatile mid-range precision. With its 2.5–10× magnification and large 56 mm objective lens, it delivers outstanding light transmission, making it the perfect choice for twilight, moonlight, and demanding night hunts.

Featuring the renowned FlashDot illuminated reticle in the first focal plane (FFP), the hold points remain accurate across the entire zoom range. The large exit pupil and 90 mm of eye relief provide a bright, comfortable sight picture and fast target acquisition in any shooting position.

Its field of view of 14.2–3.6 m at 100 m ensures excellent situational awareness at lower magnification, while higher zoom levels enable precise shot placement at greater distances. The robust 30 mm main tube construction and high-quality mechanics ensure long-term durability and consistent performance under real hunting conditions.

Key Specifications:

Magnification: 2.5–10×
Objective Lens Diameter: 56 mm
Reticle: First Focal Plane (illuminated FlashDot)
Main Tube Diameter: 30 mm
Eye Relief: 90 mm
Field of View: 14.2–3.6 m @ 100 m

Engineered and manufactured in Germany, the 2.5-10x56 Zenith is a trusted companion for hunters who demand optimal clarity, maximum light performance and reliable precision — especially when every last ray of light counts.

Safety Instructions for the 2.510x56 Zenith Riflelescope

Introduction

Thank you for choosing the 2.510x56 Zenith from Schmidt & Bender. This premium hunting riflelescope is designed for exceptional performance and precision. To ensure your safety and the optimal use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle the riflelescope with care to avoid damage.
- Ensure the riflelescope is used only for its intended purpose – as a hunting sight.
- Keep the riflelescope out of reach of children and vulnerable individuals.
- Regularly inspect the riflelescope for any signs of damage or wear.
- Avoid exposing the riflelescope to extreme temperatures or harsh environmental conditions.
- If you notice any malfunction or irregularity, discontinue use and seek assistance.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the riflelescope to prevent injury.
- **Mounting:** Ensure the riflelescope is securely mounted on the rifle according to the manufacturer's instructions.
- **Shooting Position:** Use the riflelescope only in a stable shooting position to maintain control and accuracy.
- **Target Identification:** Always identify your target and what lies beyond it before shooting.
- **Lighting Conditions:** Be aware of lighting conditions. The 2.510x56 Zenith is designed for lowlight performance, but visibility can still be affected by weather and environmental factors.

Instructions for Installation and Usage

1. Installation:

- Select a suitable mounting base for your riflelescope.
- Follow the manufacturer's instructions for mounting the riflelescope securely to the rifle.
- Ensure the riflelescope is aligned properly with the rifle barrel for optimal accuracy.

2. Usage:

- Adjust the magnification according to your shooting needs, using the zoom control.
- Use the illuminated reticle feature in lowlight conditions to enhance visibility.
- Maintain a comfortable eye relief of 90 mm from the eyepiece for optimal viewing.
- Always check the field of view to ensure you have a clear sight picture before taking a shot.

Disposal Instructions

- Dispose of the riflelescope in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the riflelescope in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the 2.510x56 Zenith riflescope, please refer to the product packaging or visit the manufacturer's website for assistance.

Thank you for your attention to these safety instructions. Enjoy your hunting experience with the 2.510x56 Zenith riflescope!
