

Rock Rest - Rock 2

[Shooting Accessories](#) > [Shooting Rests](#) > [Rifle Rests](#)

To build true accuracy, you need a stable foundation—and the Caldwell Rock 2 delivers exactly that. Developed with decades of in-field experience and feedback from precision-focused rifle shooters, the Rock 2 introduces several enhancements that set it apart. Its solid iron base with a wide stance provides an extremely stable platform, while upgraded spiked steel feet with removable rubber pads allow secure use on any bench surface.

A large elevation wheel ensures precise vertical adjustments, and the added windage adjustment makes horizontal alignment fast and easy. The all-weather DeadShot Air front bag accommodates a wide variety of stock profiles and includes clearance for sling swivel studs. When compared to the Caldwell Rock 2, other shooting rests feel like pebbles under your rifle.

Rock Rest Rock 2 Safety Instruction Guide

Introduction

Thank you for choosing the Caldwell Rock Rest Rock 2. This product is designed to provide a stable foundation for precision rifle shooting. To ensure your safety and the best performance of the Rock 2, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always keep the Rock Rest Rock 2 out of reach of children to prevent accidents.
- Inspect the product before each use to ensure it is in good condition and free of defects.
- Use the Rock 2 only for its intended purpose—supporting rifles during shooting.
- Ensure that the shooting area is safe and free from obstructions or hazards before using the Rock 2.
- Always follow local laws and regulations regarding firearm use and safety.

Specific Safety Precautions for Use

- Ensure that the Rock Rest Rock 2 is placed on a stable surface before use to prevent tipping.
- Always secure the rifle properly on the rest to avoid accidental movement.
- Do not exceed the weight limit of the Rock 2 as specified in the product specifications.
- Use the elevation and windage adjustments carefully to avoid sudden shifts in rifle position.
- Be aware of your surroundings and ensure that no one is in the line of fire when adjusting or using the Rock 2.
- Avoid using the Rock 2 in wet or slippery conditions that could compromise stability.

Instructions for Installation and Usage

1. Setup:

- Place the Rock Rest Rock 2 on a flat, stable surface.
- Adjust the spiked steel feet to ensure a secure grip on the surface. Use the removable rubber pads if necessary for added stability.

2. Adjustments:

- To adjust the elevation, turn the large elevation wheel until the desired height is achieved.
- For windage adjustments, use the provided mechanism to align your rifle horizontally as needed.

3. Rifle Placement:

- Carefully place your rifle on the Rock 2, ensuring it is securely supported.
- Check that the rifle is stable and does not wobble or shift.

4. Shooting:

- Once the rifle is securely in place and adjustments are made, you are ready to shoot.
- Maintain focus on safety, ensuring that the area is clear and that you are following all safety protocols.

Disposal Instructions

- Dispose of the Rock Rest Rock 2 in accordance with local regulations.
- If the product is damaged beyond repair, ensure that it is disposed of in a way that does not pose a risk.

to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the Rock Rest Rock 2, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

Thank you for your attention to these safety guidelines. Your safety and the effective use of the Caldwell Rock Rest Rock 2 are our top priorities. Always prioritize safety when handling firearms and related equipment.
