

Tripod Field Shelter - Flecktarn

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipod Accessories](#)

The GTS Tripod Shelter is designed for situations where concealment and protection go beyond camouflage alone. With a compact and purpose-driven design, it transforms your tripod into a lightweight field shelter within minutes - creating cover from weather, observation, and environmental exposure.

Mounted directly onto the tripod, the shelter deploys into a structured tent-like enclosure, using the tripod itself as the central support system. This creates a fast and efficient solution for hunters, precision shooters, and professional users who require temporary concealment or protection without carrying a full-sized tent system.

The material is lightweight yet durable, offering resistance against wind and light precipitation while maintaining packability. Once deployed, the shelter provides space for the shooter and essential equipment, helping reduce visual signature and break up the human outline in open terrain.

When not in use, the Tripod Shelter packs down into a compact MOLLE-compatible pouch. This pouch can be securely attached to the GTS Tripod Field Rig or other MOLLE platforms, keeping the system integrated and ready for immediate deployment without adding unnecessary bulk to your kit.

Designed for mobility, discretion, and efficiency, the GTS Tripod Shelter expands the role of your tripod far beyond stability alone.

Rapid deployment. Enhanced concealment. Practical field protection.

Tripod Field Shelter Flecktarn Safety Instructions

Introduction

Thank you for choosing the GTS Tripod Field Shelter. This product is designed to provide concealment and protection in various outdoor situations. Please read this safety instruction guide carefully to ensure safe and effective use of the Tripod Field Shelter.

General Safety Guidelines

- **Product Safety:** Ensure safe use by following all instructions. This product is designed for outdoor use and should be handled with care.
- **Enhanced Recalls:** Stay informed about potential recalls. Check for updates regularly.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children. It is not a toy and should not be used by anyone under the recommended age.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Be aware of any safety alerts regarding this product and act accordingly.

Specific Safety Precautions for Use

- **Avoid Sharp Objects:** Keep sharp objects away from the shelter to prevent tears and damage.
- **Check for Damage:** Before each use, inspect the shelter for any signs of wear or damage. Do not use if damaged.
- **Secure Setup:** Ensure that the shelter is securely mounted on the tripod to prevent it from collapsing or detaching during use.
- **Weather Awareness:** Be aware of weather conditions. Avoid using the shelter in severe weather, such as high winds or heavy rain.
- **Fire Safety:** Keep the shelter away from open flames and heat sources to prevent fire hazards.
- **Weight Limit:** Do not exceed the weight capacity of the tripod when using the shelter.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all components of the Tripod Field Shelter.
- Choose a suitable location for setup, away from hazards and obstacles.

2. Installation:

- Attach the shelter to the tripod according to the manufacturer's instructions.
- Ensure that the attachment points are secure and check that the shelter is stable.

3. Deployment:

- Unfold the shelter and allow it to expand into its intended shape.
- Adjust the shelter to ensure it is taut and properly aligned with the tripod for maximum stability.

4. Usage:

- Once deployed, ensure that you and your equipment are positioned within the shelter.
- Monitor the environment and be prepared to disassemble the shelter if conditions worsen.

5. Disassembly:

- To take down the shelter, reverse the deployment steps.
- Carefully fold and pack the shelter back into its MOLLEcompatible pouch after ensuring it is dry.

Disposal Instructions

- When the Tripod Field Shelter reaches the end of its useful life, dispose of it in accordance with local regulations for outdoor equipment.
- Do not dispose of the product in regular household waste if it contains hazardous materials. Check local guidelines for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Tripod Field Shelter, please refer to the contact information provided with your product packaging.

Thank you for following these safety instructions. Enjoy your outdoor experiences with the GTS Tripod Field Shelter!
