MDT Bottom Metal Pillar Kit Safety Instructions

Introduction

Thank you for choosing the MDT Bottom Metal Pillar Kit designed specifically for the Howa 1500 SA RH. This product is engineered to enhance your rifle setup, providing a reliable and sturdy connection between your action and bottom metal. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow safe firearm handling practices.
- Keep the kit and all its components out of reach of children and unauthorized users.
- Regularly inspect the kit for any signs of wear or damage before use.
- If you notice any defects or concerns, do not use the product and contact a qualified professional for assistance.

Specific Safety Precautions for Use

- Verify that your rifle stock is compatible with the MDT Bottom Metal Pillar Kit before installation.
- Always wear appropriate eye protection when handling firearms and during installation.
- Ensure that the firearm is unloaded before beginning any installation or maintenance work.
- Avoid using excessive force during installation to prevent damage to the components.
- Follow all local laws and regulations regarding firearm modifications and use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a screwdriver and any other required equipment.
- Ensure you are working in a clean, welllit area free from distractions.

2. Installation Steps:

- Unload your firearm completely and ensure it is safe to handle.
- Remove the existing bottom metal from your rifle stock, if applicable.
- Align the MDT Bottom Metal Pillar Kit with the action and bottom metal mounting points.
- Secure the kit in place using the provided screws, ensuring they are tightened adequately but not overtightened.
- Doublecheck the alignment to ensure that everything is positioned correctly.

3. PostInstallation:

- Inspect the installation to confirm that there are no loose components.
- Conduct a function check on your rifle to ensure that it operates correctly with the new installation.
- Store your rifle in a safe location when not in use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product becomes damaged beyond repair, ensure that it is disposed of in a way that prevents any potential hazards to others or the environment.

- Recycle components where possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the MDT Bottom Metal Pillar Kit, please refer to the manufacturer's contact details provided with the product. It is important to have access to support in case of any safety inquiries or product issues.

By following these safety instructions, you can ensure a safe and effective experience with your MDT Bottom Metal Pillar Kit. Thank you for your attention to these important guidelines.
