Safety Instruction Guide for MDT Bottom Metal Pillar Kit

Introduction

Thank you for choosing the MDT Bottom Metal Pillar Kit. This product is designed to enhance the performance and reliability of your rifle setup. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding safety precautions, installation, and usage.

General Safety Guidelines

- Ensure that the MDT Bottom Metal Pillar Kit is used only for its intended purpose.
- Always handle your rifle with care and follow standard firearm safety practices.
- Inspect the kit and your rifle for any signs of damage before installation.
- Keep the kit and all components out of reach of children and unauthorized users.
- In case of any malfunction or safety concern, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to misalignment, affecting accuracy and safety.
 - Using the kit with incompatible rifle models may result in damage or injury.
- **Avoiding Hazards:**
 - Ensure compatibility with your rifle model before installation.
 - Use appropriate tools as specified in the installation instructions.
 - Do not exceed the recommended torque specifications when securing components.
- **Age Specific Warnings:**
 - This product is intended for adult users only. Keep it away from children and individuals without proper training in firearm handling.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure your workspace is clean and free of distractions.

2. Installation Steps:

- Disassemble your rifle according to the manufacturer's instructions.
- Remove the existing bottom metal if applicable.
- Align the MDT Bottom Metal Pillar Kit with the action and bottom metal.
- Secure the kit using the provided screws, ensuring not to overtighten.
- Reassemble your rifle following the original manufacturer's guidelines.
- Conduct a thorough inspection to ensure all components are properly secured.

3. Usage:

- Test the setup in a safe environment to confirm proper function and alignment.
- Regularly check the stability of the installation and retighten screws as necessary.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the MDT Bottom Metal Pillar Kit is no longer in use, consider recycling components where possible.
- Do not dispose of in household waste. Follow local guidelines for disposal of firearm accessories.
