Safety Instruction Guide for MDT Bottom Metal Pillar Kit

Introduction

Thank you for choosing the MDT Bottom Metal Pillar Kit for your Tikka T3X rifle. This product is designed to enhance the performance and stability of your rifle setup. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding product safety, installation, usage, and disposal.

General Safety Guidelines

- Ensure that the MDT Bottom Metal Pillar Kit is compatible with your rifle model before installation.
- Always follow the manufacturer's instructions for installation and usage to avoid potential hazards.
- Keep the product and all its components out of reach of children and vulnerable individuals.
- Regularly inspect the kit for any signs of wear or damage. Do not use damaged components.
- Report any unsafe conditions or incidents related to the product to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the MDT Bottom Metal Pillar Kit only for its intended purpose — to provide a secure connection between the rifle action and bottom metal.
- Avoid using the kit in extreme weather conditions that could affect its performance.
- Do not modify the kit or attempt to use it with incompatible parts.
- Wear appropriate safety gear, including eye protection, when handling and installing the kit.
- Ensure that the rifle is unloaded and pointed in a safe direction during installation.
- Be aware of your surroundings and ensure that others are at a safe distance while using the rifle.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Gather all necessary tools and components required for installation.
- Ensure that the rifle is unloaded and pointed in a safe direction.

2. Remove Existing Components:

- Carefully detach the existing bottom metal from your Tikka T3X rifle.
- Keep all screws and components in a safe place for potential reinstallation.

3. Install the Bottom Metal Pillar Kit:

- Align the MDT Bottom Metal Pillar Kit with the rifle action.
- Ensure that the kit is positioned correctly for optimal alignment.
- Secure the kit using the provided screws, tightening them evenly to avoid stress on the components.

4. Final Checks:

- Inspect the installation to ensure that everything is secure and properly aligned.
- Test the functionality of the rifle to confirm that the installation has not affected its operation.

Usage Instructions

- After installation, regularly check the integrity of the Bottom Metal Pillar Kit during routine maintenance.
- Ensure that the rifle is always handled safely and responsibly, following all general firearm safety rules.
- Store the rifle in a secure location when not in use to prevent unauthorized access.

Disposal Instructions

- Dispose of any damaged or worn components of the MDT Bottom Metal Pillar Kit in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal facilities in your area.
- Ensure that all components are completely removed from the rifle before disposal.

Contact Information for Further Support

For any questions or concerns regarding the MDT Bottom Metal Pillar Kit, please refer to the manufacturer's website or contact their customer support for assistance. It is important to follow all safety guidelines and instructions provided to ensure safe and effective use of the product.
