

Seater Head 7,62/.30-R46

Seater head made from high-quality brass, precision-machined in a single setup on modern CNC machines – for precise and gentle bullet seating. Profile-matched design ensures optimal axial bullet alignment, improving cartridge concentricity and overall accuracy. Select the correct seater head using the tool on the manufacturer's website www.triebel-reloading.com. Suitable for original dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Seater Head 7,62/.30-R46
- Manufacturer: TRIEBEL
- Product no.: EU2017443
- Mfr. No.: 3000054V-07.62-R046
- Diameter (in): 0.30
- Diameter mm: 7,62
- Radius: 46
- Delivery weight: 0.015kg
- Shipping height: 15mm
- Shipping width: 15mm
- Shipping length: 30mm
- EAN/UPC: 3000054V-07.62-R046

Seater Head 7,62/.30R46 Safety Instruction Guide

Introduction

Thank you for choosing the Seater Head 7,62/.30R46. This product is designed for precision bullet seating and is made from highquality brass. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide. Your safety and satisfaction are our top priorities.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before using this product.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading components.
- Store all reloading tools and components in a safe, dry place, away from children and pets.
- Regularly inspect your equipment for wear and damage to avoid potential hazards.
- Follow all manufacturer instructions for the safe use of reloading dies and components.
- If you encounter any issues or have questions regarding safety, consult with a qualified professional or contact the manufacturer.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of the seater head may lead to misaligned bullets, which can cause malfunctions or accidents during firing.
 - Ensure that the seater head is compatible with your reloading dies to prevent malfunctions.
- **Avoiding Hazards:**
 - Always verify the correct seater head is selected for your specific die set.
 - Do not exceed the recommended specifications for bullet seating.
 - Keep hands and fingers clear of moving parts while operating machinery.
 - Never attempt to modify or alter the seater head or any associated components.
- **AgeSpecific Warnings:**
 - This product is intended for use by adults only. Keep out of reach of children.
 - Ensure that anyone using this product has received proper training in reloading safety.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Select the appropriate seater head for your die set using the tool on the manufacturer's website.
- Carefully install the seater head into the die according to the manufacturer's instructions.
- Tighten the seater head securely, ensuring it is properly aligned.

2. Usage:

- Prepare your cartridges and ensure that all components are clean and free from debris.
- Insert the bullet into the case mouth and position it against the seater head.
- Operate the reloading press smoothly, applying consistent pressure to seat the bullet.
- After seating, check the bullet alignment and overall cartridge quality before further processing.

3. **PostUsage:**

- After use, clean the seater head and surrounding area to maintain optimal performance.
- Store the seater head in a protective case to prevent damage.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.
- Check with local authorities for specific disposal guidelines related to hazardous materials.

Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding the Seater Head 7,62/.30R46, please refer to the manufacturer's website or consult with a qualified professional. It is important to stay informed about product recalls and safety updates, which can be found on the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your diligence will help ensure a safe and enjoyable reloading experience.
